NEW BRIDEGROOM TAKEN INTO COURT

Howard Kaehl of Connorsville, Ar-
rested 3 Hours After Marriage,
One of Many in Court

PAYS FINE FOR SPEEDING

Week End Law Violators Accused of
Assault and Battery, Crap Shoot-
ing and Wife Desertion

Police court business took a
and this morning, and the week-
d law violators were accused of
sault and battery as well as wife
sersion, crap shooting and a
degroom, of only three hours was
to arrested. The usual week-end
unks are now a thing of the past,
d people have found other means
getting into court.

Howard Kaehl, who was married
s morning at the St. Mary's
tholic church to Miss Helen
ardon, was brought up at nine
lock, on charges of violating the
ed ordinance. Policeman Lemons
eged that late last night Kaehl
nt through the business part of
city at the rate of 35 miles per
ar. Mayor Irvin, out of pity for
newly married man, let him off
a dollar and costs, which was
d.

Jack Wewee was arraigned on two
arges, of wife desertion and as-
ult and battery on his wife. He
s arrested yesterday and was
ed in jail. He pleaded guilty to
asault charge and was fined a
lar and costs. An attempt was
made to have the fine paid.
e charge of wife desertion was
ntinued, and will be dropped, ac-
cording to his wife, if he will pro-
ve and make a home for them, and
p clean.

Thomas Miller, living in Circleville
s arraigned this morning on
arges of visiting a place where
ming was going on, Miller pleaded
ilty and was fined five dollars and
ts which were paid. He said that
was on his way home Saturday
ht and met some boys in the
leveille bridge who were shooting
ps, and tarried a moment to
ch them, and was caught when
police arrived.

The boys who were shooting craps
e Ralph Clark, Meredith Harroll
d Paul Tyler, all fifteen years of
s. They were turned over to the

CHILDREN OF CITY RESPOND TO APPEAL

Graham Annex Gives Approximately
12 and High School Like Sum to
Roosevelt Fund.

Some of the rooms in the city
hools have responded one hundred
cent to the appeal for contribu-
ns to the Roosevelt memorial
nd, but the definite sum given by
e children of the city will not be
own until tomorrow as some of
e teachers held the fund open over
day so that pupils who had for-
tten to bring their donations,
uld help swell the fund.

So far as word received by E. H.
yne, county chairman, today in-
eated, the campaign in the county
not making any more satisfactory
ogress than previous reports.
owed. Township chairmen are
ged to exert themselves to make
good a showing as possible and
port to the county chairman at
eir earliest convenience.

The Graham Annex school closed
s fund with contributions amount-
g to approximately \$12. The Gram-
h high school also gave this
mount, but no reports had been
ceived today from the Jackson or
avens schools.

RIDOUT BOY MISSING AGAIN

Youth Found Here Twice Disappears
From Home Third Time

A photograph of Leon Ridout, son
of Mr. and Mrs. Edgar Ridout of
Indianapolis, appears in the Star
this morning, together with a story
stating that he has been missing
from his home for the last week. Mr.
and Mrs. Ridout were former resi-
dents here, and it will be recalled
that the boy ran away a few weeks
ago and was found here, at his
grandparents' home in Circleville.
Last week he was also found here
with another Indianapolis boy, and
was returned home. He is 12 years
old, and dislikes attending school,
according to his father.

HELD FOR MAKING FALSE AFFIDAVIT

Delavan Smith, Owner of Indiana-
polis News, Arrested on Fed-
eral Grand Jury Indictment

ACCUSED IN TWENTY COUNTS

Said to Have Posed as Sole Owner
When Late C. W. Fairbanks
Owned 75% of The Stock

(By United Press.)
Indianapolis, Ind., Oct. 27.—De-
lavan Smith, of Lake Forrest, Illi-
nois, publisher of the Indianapolis
News, was arrested in the office of
Ferdinand Winters here today by
United States Marshal Storen on a
federal grand jury indictment
charging him with making false af-
fidavit regarding the ownership of
the newspaper. The indictment re-
sulted from the investigation in the
affairs of the late Charles W. Fair-
banks who was said to have owned
75 percent of the stock of the news-
paper while Smith reported himself
to be sole owner.

Smith was released upon arrest
when he gave bond for \$10,000 sig-
ned by the United States Fidelity
Guarantee Company.

The indictment was divided into
twenty counts which was grouped in
fours as follows: First four, having
caused Hilton U. Brown to make
affidavits; second four, having pro-
cured Brown to make false affid-
avits; third four, having published a
false affidavit; fourth four, having
transmitted same to a United States
officer; fifth four, having caused
such an affidavit to be transmitted
under section 28, of the criminal
code which makes it an offense to
make a false affidavit rendering a
false bond for a published for the
purpose of defrauding the govern-
ment.

The penalty in such a case is a
fine of not more than \$10,000 and
not more than ten years imprison-
ment or both.

PRESIDENT VETOES DRY ENFORCEMENT ACT

(By United Press.)
Washington, Oct. 27.—President
Wilson today vetoed the national
prohibition act passed by congress
to enforce both the war time and
constitutional prohibition. He could
not approve because of the war time
phase, it was explained.

U. S. CONSUL RE-CUED.

(By United Press.)
Hanford, California, Oct. 27.—
John W. Jenkins, father of the
American Consul, Astor Jenkins, at
Pueblo, Mexico, received a telegram
from his sister there, early today,
stating that Jenkins was rescued
from the bandit's gang Sunday af-
ternoon. It was intimated that the
rescue was effected by Carranza
government forces.

NO MORE LEVIES WILL BE CHANGED

State Tax Commissioners Announce
Work of Lowering and Raising
Rates is Done

SAY OWNERS ARE SATISFIED

Not as Many Corrections in This
County as in Many Other
Counties of The State

That there will be no further
changes in the tax levies fixed for
Rush county units for next year, is
indicated by a statement from the
state board of tax commissioners
which says that no more corrections
will be made.

Few changes were made in this
county than in many other counties
in the state, only the tuition tax
levies of Rushville and Walker
townships being raised. Rushville's
was changed from five to fourteen
cents and Walker's from five to
fifteen cents.

The tax board statements points
out that the correction of rates had
to be completed at once so that the
duplicates can be placed in the
hands of the county treasurer. The
statement follows:

"In consideration of more than
1,700 different taxing units and more
than 10,000 funds, a number of
errors have crept in," said a state-
ment of the tax board. These have
been occasioned by mistakes being
made by the taxing officials of the
different units, the reports of county
auditors, and mistakes in calcula-
tions of this board. The number of
mistakes has been inconsequential
as compared with the whole and the
satisfaction that has been express-
ed as to the results obtained. It
may be said to be remarkable that
more have not appeared. Express-
ions of satisfaction are coming in
from many sources.

"The county auditors of the state
have been delayed this year very
greatly because of the operation of
the new tax law in the making of
their duplicates. This is not only
a personal expense to themselves in
a large measure, but it is holding up
work that may be done so that du-
plicates can be placed in the hands
of the county treasurers on the first
day of January of the coming year.
To accomplish this the tax rates
must be finally certified immediately
Continued on Page Two

PEACE-TIME WORK WILL BE EXPLAINED

Large Attendance of Red Cross
Members at Annual Meeting Wed-
nesday is Requested.

HOPED TO MAINTAIN RECORD.

The peace-time program of the
American Red Cross will be ex-
plained at the annual meeting of the
Rush county chapter Wednesday af-
ternoon at two o'clock in the court
house assembly room, and every
member in the county or any other
persons interested, are requested to
be present. At the meeting twelve
directors, one representing each
township auxiliary, will be elected.
There are thirty-six directors,
twelve being elected each year.

It is imperative that as many
members of the Red Cross as possi-
ble attend so that the future work
of the Red Cross be understood,
since the Roll Call campaign for
renewing of memberships, and to
add new members, will open next
Sunday. This county is the banner
county in the state for percentage
of population in the Red Cross, and
it is hoped the record may be main-
tained.

2 ARRAIGNED ON ASSAULT CHARGES

John Tribbey of Arlington is Arrest-
ed Today for Attack on His
Mother, 83 Years Old.

FRED KNECHT IS ALSO HELD

Accused of Assaulting His Mother-
in-Law—Two Judges Are Hold-
ing Court Today.

Rushville was a busy city all day
in the court business, with plenty
going on in the city court and the
circuit court was also busy with two
judges holding court in different
parts of the court house. Judge
Craig of Decatur county, was here
today, to finish up the case of A.
R. Herkless against C. L. Henry,
president of the Indianapolis and
Cincinnati traction company.

This case was started here a few
weeks ago, but was not finished in
one day, and the evidence was being
heard, with the expectation of end-
ing it this afternoon. Records were
introduced as evidence, and the ar-
guments in the case were expected
this afternoon. It is a suit to quiet
a title.

Judge Sparks this morning heard
the argument in the case of the
State against Sanford Heaton,
wherein Heaton asks for a new
trial. The motion was overruled,
and the judgment of a dollar and
costs as rendered by the jury a few
weeks ago, for assault and battery
is to stand.

Fred Knecht was arrested on a
bench warrant charged with assault
and battery. The affidavit was filed
by Mrs. Catherine Gilson, his moth-
er-in-law. Knecht entered no plea,
and Judge Sparks fixed his appear-
ance bond at \$200, with John Knecht
as bondsman.

John B. Tribbey, well known resi-
dent of Arlington, was arrested this
morning by Sheriff Jones on two
charges of assault and battery. The
charges were preferred by Prosecu-
tor Stevens, and state that Tribbey
hit and struck, while in an angry
mood, Mrs. Mollie Mitchell. Mrs.
Mitchell is Mr. Tribbey's mother,
and is 83 years old. The charges
are for offenses committed Septem-
ber 30 and October 18.

When brought before Judge
Sparks this morning, no plea was
entered and his bond was placed at
\$500 in each case, with Elihu Price
Continued on Page Two

ARMISTICE DAY PLANS SUBJECT FOR TONIGHT

Arrangements Committee Will Re-
port on a Program for Celebra-
tion of The Day

TOWNSHIP CHAIRMAN INVITED.

Boosters of the plan to celebrate
Armistice Day here November 11
with an appropriate observance of
the day are anxious that a large
crowd of representative business
men and citizens from Rushville, as
well as others from other parts of
the county, attend the meeting in the
court house assembly room at eight
o'clock tonight to outline a more de-
finite program for the day.

The township chairmen appointed
at the meeting last Friday night
were all notified of their selection
Saturday and Sunday and were in-
vited to attend. The committee on
arrangements was to meet at five
o'clock this afternoon to meet at five
program for the day, to be presented
tonight. The township chairmen are
Shelbyville, Greensburg, Colum-
bus, Seymour and other cities in In-
diana have already made arrange-
ments to observe the day and it is
hoped some plan can be made for
formal recognition of the day here.

COUNTY AGENT IS FINED

M. F. Detrick Pleads Guilty to Pass-
ing Hack Loading Children

M. F. Detrick, county agent, was
arraigned Saturday afternoon before
Squire Steech, on a charge of pass-
ing a school hack with his automo-
bile. The charges were preferred
by Prosecutor Stevens, and Mr. De-
trick pleaded guilty, and was fined
\$5 and costs. According to the com-
plaint he passed a school hack in
the neighborhood of the Webb
school, while it was loading child-
ren. The offense happened on Fri-
day, October 24.

SENATE DEFEATS PACT AMENDMENT

Votes 40 to 38 Against Johnson
Resolution to Equalize Voting
Strength in League.

TEST COMES UNEXPECTEDLY

Eight Republicans Line Up With
Democrats Against Amendment—
One Democrat Against It.

(By United Press.)
Washington, Oct. 27.—By a vote
of 40 to 38 the senate today defeat-
ed the Johnson amendment to the
peace treaty to equalize the voting
strength of the countries in the
league of nations.

The vote came unexpectedly at the
request of Senator Lodge after Sen-
ator Hitchcock announced the sug-
gestion for a unanimous consent to
vote. "I see no reason why we can-
not have a vote right now," Lodge
declared, and the roll was called.

The republicans voting against the
amendment were Colt, Edge, Kellogg,
Keyes, McCumber, McNary, Nelson
and Sterling.

Senator Gore was the only dem-
ocrat to vote for the amendment.

Immediately after the defeat of
the amendment Senator Johnson in-
troduced a second amendment which
sought to accomplish the same ob-
ject as the first one.

A number of the senators were
absent when the roll was called.
The final result would not have been
changed as all the absentees would
have voted against the amendment.

GOVERNMENT READY TO PROTECT PUBLIC

Officials Discuss Ways to Act if
Miners Disregard Warning Is-
sued by President

FOOD CONTROL LAW ONE WAY

(By United Press.)
Washington, Oct. 27.—While
awaiting the miners answer to the
request for withdrawal of the coal
strike order, government officials to-
day were ready to act to protect
the public interest in case the strike
is called for November.

There are several opportunities
through which the government may
step into the coal controversy, de-
clare officials here. The present con-
tract which is to run until the end
of the war or until April 1, 1920,
was made with the sanction of the
fuel administration.

This was pointed out specifically
by President Wilson in warning the
miners as an indication that the
government considers the proposed
strike unlawful.

The food control law also gives
the government opportunity to take
part in the strike. Even without this
law the officials pointed out that the
supreme court definition would give
the government power to do almost
anything in the interest of the na-
tion's existence.

NURSE MAKES A STIRRING APPEAL

Mrs. D. Pirie Beyea Declares Red
Cross Needs Money, But it
Needs People Worse

TELLS A MARVELOUS STORY

"I Take Off My Hat to You Who
Stayed Home and Worked" She
Says in Final Tribute

"It needs your money but it needs
you worse."

In these few words Mrs. D. Pirie
Beyea, overseas Red Cross nurse,
summed up her appeal for the Roll
Call of the Red Cross, November 2
to 11, in an entertaining address at
the mass meeting at the Main Street
Christian church Sunday.

In picturesque language, with an
accent that hinted occasionally of
her native tongue, Mrs. Beyea told
a story of some of her experiences
as civilian and army nurses which
exceeded any war tale which has
been repeated in Rushville.

While Mrs. Beyea devoted most of
the hour and a half she spoke to
of stories of the devotion of the Red
Cross and of the heroism and cour-
age of the American soldiers, she
frequently went off on a tangent to
impress upon the audience the great
value of the Red Cross and the nec-
essity for continuing it as a vital
part of the country's activities.

"I take off my hat to you people
who stayed home and worked," said
Mrs. Beyea. "I do not doubt but
that you did a greater work than we
over there. You had no thrills to
take away the dull monotony of the
daily routine of the Red Cross work.
But your wonderful support of us in
the field upheld and stirred us to
greater efforts."

From the time the unit of the first
division was engaged in the first
American minor offensive in the Lor-
raine sector, entering the battle
with their famous cry, "Atta Boy,"
the German morale began to decline,
said Mrs. Beyea. She described a
conversation with an Englishman
who could not understand the mean-
ing of "Atta Boy." Mrs. Beyea said
she explained it expressed the Amer-
ican pep. He was ever more per-
plexed over the word "pep".

"That means," she told the Eng-
lishman, "that they are so full of
enthusiasm that they will burst if
they don't let some of it go."

"They were the most marvelous
and most wonderful boys I ever
saw," the nurse said. "They never
thought of themselves and never
gave themselves credit for valorous
deeds. 'It was always 'My Buddie'
this and 'My Buddy' that."

While the American forces were
getting into action, the Red Cross

STATE INSTITUTIONS WILL NOT SUFFER ANY

Governor Says He Strongly Supports
President in His Position of
Miners Strike

Indianapolis, Ind., Oct. 27.—Gov-
ernor James P. Goodrich said today
that Indiana institutions will not
be forced to suffer from the idleness
of the mines in Indiana if the miners
strike becomes effective November 1.
He did not outline any plans of
action.

A statement issued by the gover-
nor today strongly supported Presi-
dent Wilson in his stand. He said:
"I am glad to know that the presi-
dent takes such a positive stand
against the calling of the strike on
the first day of November. It is the
duty of every citizen of the United
States to support the president in
this emergency. He can count upon
the support of Indiana in every
step he takes," Goodrich said.

Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring Signals of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause

unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

Made on the Farm Made by a Farmer

THE ACME LINE was thoroughly tested on my stock and on my farm before it was offered to the public. It is the result of 21 years of experience with digesters, conditioners, tonics, worm expellers, louse killers and a realization of the Live Stock needs, from experience as an Importer, Exhibitor, and Breeder of Registered stock. STRAUGHN HIGH DEFEATED INDIANAPOLIS HOG Fairview Team Wins by Score of 60 to 13 Friday Night

The Fairview high school basketball team had little difficulty Friday night in defeating the Straughn team, by the score of 60 to 13. The Fairview team got the lead in the beginning, and Straughn was at no point able to keep on the pace set by the Fairview players. Fairview has a good schedule and will not doubt win a majority of the games, which includes many of the county high schools. Several of their players were injured a week ago when they played at Connersville, or the score might have been larger.

INDEPENDENT TEAM LOSES

Orange is Defeated by Picked Team at New Salem, 24 to 17

The Orange independent basketball team was defeated Friday night in a fast game at New Salem by a picked team playing under the name of New Salem, 24 to 17. Long played a star game for Orange. The picked team lined up as follows: Walker of Straughn, and Willis of New Salem, forwards; Brodie of Clarksville, center; and Bever of Rushville and Griner of Andersonville, guards. Long and Creek played forward for Orange. Bever was at center and Pike and Hitchell at the guard positions.

CORN PLOTS BEING JUDGED

Judging in 5-Acre Contest Will be Finished This Week

The work of judging the five-acre plots in the five-acre corn contest has begun in this county. Joe Helms, a noted corn judge has been scheduled by the Indiana Corn Growers Association to aid in judging. Twenty contestants will compete for the prizes which will be \$10.00, \$7.50, \$5.00 and \$2.50. In addition, the Silver Cup donated by the Peoples National bank will be held for one year by the county winner. Ralph Gosnell of Orange township won the cup last year, and is a contestant again this year. Elmer Hutchinson and A. J. Reddick have each donated \$25.00 to be given to the highest yielder in Posey township. If weather permits the judging will be finished Thursday.

NEW BRIDEGROOM TAKEN INTO COURT

Continued from Page One

Charley Pea and Charley Sorrell each paid a dollar and costs this morning for assault and battery on Alonzo Marrow. According to the story, Marrow who is in charge of an apple car near the old Pennsylvania depot, assaulted young Sorrell, son of Charley. The two men arrived upon the scene, and evidently handled Marrow roughly, as he possessed two shining black eyes when in police court this morning. Pea denied that he had anything to do with the fight, but that he separated them. Both pleaded guilty rather than carry the case further. Charges against Marrow may be filed by Sorrell for assaulting his son, who is a minor.

Mayne Weeve Leisure was placed in jail yesterday afternoon by Chief of Police Wilfong, on a statutory offense. A preliminary hearing was given at one o'clock this afternoon, a plea of not guilty being entered. The case has been set for seven o'clock Tuesday night in police court.

DAYS PICKINGS

The Mystic theater is being extensively redecorated on the interior, the woodwork being refinished and the walls repapered.

Word has been received here of the birth of a baby boy to the wife of John Spivey of California on October 19. Mr. Spivey is a son of D. L. Spivey of this city.

A baby boy weighing five pounds and ten ounces was born to Mrs. Charles Starbuck, formerly Mrs. Ada Fisher of this city, at her home in Cleveland, O. yesterday evening. Word received heretoday. The baby was named Jack C.

The Indianapolis hog market held steady today with receipts 1500 greater than Saturday. Corn continued strong and oats was also strong. Cattle prices were the same and sheep were 50 cents lower.

THE MOTHER

OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach, "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

C. H. Tompkins

RUSHVILLE, IND.

Squibb's Pure Spices

In the popular mind the sole value of spices lies in their property of imparting an agreeable flavor to food. Aside, however, from this well known virtue, spices are of great dietetic importance, so that their selection with a view of obtaining them of full strength and of a high quality deserves careful attention.

SQUIBB'S SPICES are selected by a botanical expert, and at once ground in special spice mills, great care being taken to prevent loss of the volatile oils upon which their value depends. Being absolutely pure and of unusual strength, they are economical to use, a small quantity going a great way.

We carry a complete line of these absolutely pure powdered spices, comprising: Allspice, Cinnamon, Cloves, Ginger, Mustard, Nutmeg, Paprika and Pepper. They are all put up in air-tight sifter-top cans, convenient for table use. Owing to their high quality they are used by discriminating people everywhere. A trial will convince you of their general excellence.

Soft Pork

the feeds that produce it

The three main contributing feed factors for making SOFT PORK are—rice products, soy beans and peanuts. Avoid them, as soft hogs are docked from \$1.50 to \$7.00 per hundred. Many commercial feeds, we are sorry to say, contain one or more of these so-called hog feed ingredients.

FAT BACK HOG FEED makes nothing but hard pork, and does it cheaply and quickly. FAT BACK does more. It produces large healthy pigs with a heavy coat of hair at birth. The brood sow is better for FAT BACK and the pigs get sufficient amount of rich milk.

FAT BACK—Protein 18 per cent—Fat 4 per cent—Carbohydrates 58 per cent, and Fibre not over 10 per cent.

Exclusiveness

In our Suits wins every woman's admiration

WOMEN who view our collection of Tailored Suits for Fall will realize that there never has been a time when the range of styles was more varied nor a wider latitude allowed in the selection of fabrics.

The showing is complete; we are more than proud of it; we unhesitatingly invite comparison with any other line in the city; we can vouch for the fact that there are no newer styles than these found here.

Suits for street wear—for dress wear—for general utility wear—for business wear. Whatever the occasion, you'll find a pleasing choice here.

—Mr. and Mrs. George C. Wyatt and daughter have returned from a

visit at Winchester, Ky., and Cincinnati, where they attended the Christian church convention and were guests of the Rev. and Mrs. C. M. Yocum.

ADDITIONAL SOCIETY

Mr. and Mrs. William Fitzgerald entertained at their home in North Sexton street yesterday, a number of their friends with a fried chicken dinner. The centerpiece for the table was a bouquet of roses, and covers were laid for Mr. and Mrs. George Todd, Mr. and Mrs. Edward Oneal, Mr. and Mrs. Henry Oneal, Joe Keating and daughter Josephine and son William, Miss Gertrude Dixon, Mr. and Mrs. Ed Bishop and family, Mr. and Mrs. Ivan Coyne and daughter Rose Mary and Mrs. John Howard of Cincinnati, Ohio.

A pretty wedding was solemnized in the St. Mary's Catholic church this morning at 6:30 o'clock when Miss Helen Reardon, daughter of Mr. and Mrs. John Reardon, was united in marriage to Howard Kaehl, of Connersville. Only the immediate families of the bride and bridegroom were present for the ceremony which was performed by the Rev. Francis Schaub. The bride was dressed in a brown traveling suit, with accessories to match. The attendants were Miss Theresa Reardon, sister of the bride, and Joseph Kaehl, brother of the bridegroom. Immediately following the ceremony a beautiful wedding breakfast was given in their honor at the home of the bride's parents in West First street. The table was decorated in the color scheme of pink and white, a bouquet of carnations forming the centerpiece for the table.

The out-of-town guests were Mr. and Mrs. Henry Kaehl, Joseph Kaehl and John Brennan of Connersville. The young couple left on a motor tour through the south and will be at home to their friends in Connersville after November 15.

SUNDAY BONFIRES A HABIT

Another Caused Fire Department to be Called Yesterday

Sunday bonfires are getting to be a habit, as the fire department answered another call yesterday afternoon to extinguish a pile of trash which was burning between the building occupied by James Foley and the one north, in Morgan street. The fire, which might have done serious damage, was extinguished by use of chemicals. Last Sunday afternoon, at about the same time, a fire was put out back of the Greek candy store.

Pure Bred Sires Economy

Pure bred sires are economy. Farmers will all agree on that subject but few of them practice what they preach. Though farmers are coming more and more to pay attention to breeding in all stock, the United States department of agriculture believes that many more can be convinced that it pays to raise good stock and have started a state and national crusade to this end.

The scrub hog requires a certain number of bushels of corn to make 200 pounds of pork. The purebred or high-grade hog takes the same number of bushels of corn and makes 300 pounds of pork. The purebred or high-grade cow makes three gallon of milk out of the same quantity of silage that the scrub cow uses to make a gallon and a half of milk. These figures are not meant to be scientifically exact, of course, but merely to illustrate the principle. The result is that the farmer gets more pounds of saleable product out of his feed when he uses purebred sires at the head of his herds and flocks. He gets more money and his family lives better. But something else happens. When he sells more pounds of a better class of meat or more gallons of rich milk he feeds the city family better than he did when he kept scrub stock. The final result of purebred sires is that the farmer makes more money and the city family gets more and better food, probably at lower prices.

The crusade, the experts say, eventually will tend to result in reducing the cost of living to the consumer without taking the difference out of the pocket of the producer. For that reason, they point out, the city man has a definite, money interest in the better sires crusade. While he can hardly be expected to put the same amount of effort into it that the live stock breeder should, he is expected to give encouragement; and aid to the program whenever the opportunity offers. And there will be no lack of opportunity, particularly in the smaller cities and towns where the farmers are in close contact with the city business men.

6 BYE- ELECTIONS ARE HELD IN CANADA TODAY

Nationalization of Railways, Civil Reestablishment of Soldiers and Prohibition Issues

SEEK TO STOP LIQUOR SALES.

Ottawa, Ont., Oct. 27—Bye-elections in six constituencies in Canada were under way today, voters being asked to elect men on three main issues—nationalization of the railways; civil re-establishment of soldiers and question of further gratuities to service men, and prohibition.

General opinion in various provinces has it that inter-provincial trade in liquor will be sanctioned. Prohibitionists seek to stop the import as well as sale of liquor.

Nationalization of railways, urged by the government, will be a hard fought issue. The Unionists have urged election of their men on the proposition of taking over all lines in the Dominion except the Canadian Pacific. The government could never finance sufficiently that road, which it is said, is not in need of government aid to make it a successfully-conducted system.

Increased pay to soldiers, discharged and in service, is urged by the Unionist party. The soldiers of Canada already receive a larger gratuity than in any Anglo-Saxon country, liberals insist.

Districts where candidates for the federal parliament are up for election, are: Assiniboia, Sask., Prince County, P. E. I., Victoria and Carleton, N. B., Quebec East, Kingston, Ont., and Victoria, B. C.

A COLD RELIEVER FOR FIFTY YEARS

Dr. King's New Discovery has a successful record of half a century

TIME-TRIED for more than fifty years and today at the zenith of its popularity! When you think of that, you are bound to be convinced that Dr. King's New Discovery does exactly what it is meant to do—soothes rough raw throats, congestion-tormented chests, loosens phlegm-pack, and breaks the most obstinate cold and grippe attack.

Dr. King's is safe for your cold, for your mother's cold, for the kid's cold, cough, croup. Leaves no disagreeable after-effects. 50c. and \$1.20 bottles at your druggist's.

Bowels Act Sluggish?
Irregular bowels often result in serious sickness and disorders of the liver and stomach. Make them act as they should with Dr. King's New Life Pills. Keep the liver active—the system free from waste. 25c. a bottle.

Sap and Salt

By BERT MOSES

Nothing can take the place of smiles and good cheer.

Truth may hurt, but not much, for it is so seldom told.

All good women are hungry for love, but seldom find it.

Some men get by better on their gall than on their brains.

Hez Heck says: "Roosters seem to have a bias for Mormonism."

Folks who idolize each other are getting ready to hate as soon as their limitations develop.

ation to their requirements for some years to come.

America is.

The sensible thing then, for America to do is to increase its production, to double, and treble it.

This can be done.

Two essentials to this end are paramount: Quit squabbling among ourselves, and GO TO WORK.

America is rich now. But in a few years, if we all go to work and produce to the limit of our capacity, we will have provided the necessities for which the world cries, and we will have enriched ourselves beyond the dreams of avarice.

Every one will become a plutocrat.

Go to work!

Work harder!

Stay with it!

Your ship will come in and your dream will come true.

Look beneath the surface before judging as to the merits of a man. A polished veneer hides many a jagged scar.

It's easy for a hardened sinner to put on a frock coat, a plug hat, a black tie, and pass muster in a crowd of respectable people. But the devil knows his own wherever they are found.

"Goodness creates smiles", says a writer. True, but not all smiles are indicative of goodness.

Every person has a distinct personality but few people really understand how their personality affects others.

T. R.'S BIRTHDAY OBSERVED TODAY

Efforts of Memorial Association Center in Buying Home as Center Of Americanization

WOMEN AIDING CAMPAIGN

Exercises at Oyster Bay Consist of Raising of an American Flag Over Roosevelt's Grave

New York, Oct. 27—In scores of communities today—the birthday of Theodore Roosevelt—exercises are being held to swell the fund to build a permanent memorial to the dead Ex-President.

The movement fostered by the Roosevelt Memorial association, has so gripped the American people that in every state in the Union branches have been organized among men and women of every race, political faith and station in life. While monuments, tablets, trees and public buildings will attest America's love for the versatile Colonel in nearly all the larger communities, the main efforts of the association will center in the purchase, development and perpetuation as a center of Americanization the Oyster Bay home of Colonel Roosevelt.

To finance the project, which will have as its prime object the instilling of Roosevelt's ideas and ideals of true Americanism into the hearts of young America, the memorial association is asking contributions to the fund. No definite amount has been set as a goal, the executive committee having ruled that "the association will be highly pleased with voluntary contributions of any amount."

During the campaign week, closing today, state branches whose leaders are men and women prominent in every political party, have had workers in the field. It was originally estimated \$10,000,000 would be required to buy the Sagamore Hill property, the home of Roosevelt, and adjacent property to convert into a permanent park and playground.

Aiding the Permanent Roosevelt Memorial association is the Women's Roosevelt Memorial association which has as its object the purchase of No. 28 East Twenty-eighth St., New York City, the house in which Colonel Roosevelt was born. Adjacent property to this house will also be bought, according to present plans, and the whole thing restored and perpetuated.

William Boyce Thompson, president of the Roosevelt Memorial Association, and Mrs. John Henry Hammond, head of the Women's Roosevelt Memorial association, asked governors of various states to proclaim today Americanization Day in honor of the Colonel's memory. In several states public schools are holding exercises. In other states public memorial services were scheduled.

Exercises at Oyster Bay consisted of the raising of an American flag over Roosevelt's grave—the flag that was carried on foot by boy scouts in a month's relay from Buffalo, N. Y., where Roosevelt was inaugurated as President of the United States. School children attended carrying American flags, and placed flowers on the grave in Young's Memorial Cemetery.

The shortest sentence containing all the letters of the alphabet is "Pack my box with five dozen liquor jugs."

THE BATTLE WON

Confidence in your physician or the tonic that he may prescribe, is half the battle won. The consistent use of

SCOTT'S EMULSION

always begets confidence in those who take it. Scott's is a tonic-nutrient recommended by physicians everywhere.

Let SCOTT'S help you win your battle against weakness.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Bad blood between Biggs and Jiggs in the mountain section of northeast Pennsylvania came apace when Biggs put up a fence which blocked an old cowpath and Jiggs' cattle were called upon to detour. Jiggs tore the fence down. Biggs put it up again; then Jiggs demolished it once more. Biggs went to an attorney and asked what he could do. The lawyer said, "It is trespass I can sue him for you. The cost will be about \$10.00." Biggs produced a greasy wallet and twenty dollars in currency and said:

"I want you to law that sucker. I want him lawed a good twenty dollars worth. As soon as you get the case started call him a blankety-blank"—this volley included about every banned epithet in the English language, any of which would have meant contempt proceedings by the court. "After that," continued Biggs "begin to warm up gradual, and leave Jiggs know that when I law a man I law him proper."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

MAY CONTINUE WITH BURLESON TOLL RATE

Indiana Independent Telephone Companies Will Seek a Continuation of Present Charges

WILL EXPIRE ON DECEMBER 1

Indianapolis, Ind., Oct. 27—Telephone companies of Indiana were to go before the state public service commission today in an effort to induce the commission to permit the Burleson exchange and toll rates to continue after December 1. These rates are scheduled to expire on that date.

The phone companies were represented by members of the Indiana Telephone association, which is comprised of the Central Union and Independent exchanges.

Among the men expected to attend the meeting were Harry A. Barnhart, president of the association, Frank O. Cuppy, secretary, and members of the executive committee, which includes besides the two officers named Frank Wampler, general manager of the Central Union, W. M. Baily, Frank E. Bohn, H. F. Farrell and Walter J. Uih. This committee and other members of the association planning to attend will report to the association the results of the conference.

From Jelly Covering to Street Covering

WHEN you think of the Standard Oil Company (Indiana) you visualize instantly gasoline, kerosene and lubricating oil.

True, these are the three fundamental products of manufacture, but the Company is proud of the fact that its service enters your life by many other doors.

Standard Oil Company (Indiana) service, by keen initiative and ceaseless effort, is able to supply you with more than 2000 useful products, all made from petroleum.

The humble paraffin which seals your jelly glasses against the inroads of ferments, and the asphalt which covers the streets you drive upon, are by-products of petroleum, and there are hundreds of others, all servants of your daily needs.

Scores of other products, each vital to some specific industry, which in turn supplies you with needed merchandise, are made, wholly or in part, from portions of the crude oil which otherwise would be waste.

Standard Oil Company (Indiana) products are delivered by a network of stations and distribution systems, so complete that every hamlet of the Middle West is supplied.

Notwithstanding the wide range of Standard Oil Company (Indiana) service, the Company is constantly striving to increase the number of useful products, and to intensify its service, so that it may fulfill to the utmost its obligation as a public servant.

"Peck's Bad Girl" at Princess
"Peck's Bad Girl," Mabel Normand's newest Goldwyn Picture, gives the vivacious artiste a role certain to delight her tremendous local following when the spirited comedy-drama is presented at the Princess theatre, tonight.

A sweetheart and a job bring a marked change in the life of Mabel Penelope Peck (played by Mabel Normand). Before the arrival of Richard Hayes in Yaptank the villagers have been roused to desperate deeds by the daily pranks of Mabel. But when Richard begins to "shine up" to her Mabel decides she wants to be more like other girls. So she gets a job as assistant to a milliner in the village.

Before long Mabel makes a discovery that the cellar under the store is being used for some strange purpose. Suspicious she goes into the cellar and finds a tunnel has been drilled through two of the buildings adjoining the bank. Mabel returns to the store and finds her employer, Hortense Martinot, packing up for a hasty departure. Having in mind the milliner's frequent talks with two slick strangers, Mabel seeks an explanation for the sudden decision to leave. A fight ensues in which Hortense is worsted, and to make certain that she doesn't escape Mabel binds and gags her.

Going into the yard back of the bank, Mabel runs into Hayes. She imagines he is a thief, but is soon convinced that Richard is a detective and not a jewelry salesman as she supposed. Mabel tells him of the underground tunnel and plans are made to capture the robbers. They materialize more quickly than Mabel and her sweetheart expect. Mabel helps to overpower the crooks and the once village scamp is now the heroine of Yaptank.

Third Episode at Mystic

In the third episode of the new Universal serial, "The Midnight Man," shown today at the Mystic theatre, Jim Corbett (Bob Gilmore) follows the clue of the jade ring which, he thinks, will reveal the secret of his parentage. He had been left hanging to a girder over a viaduct, after an automobile wreck and Zafara is about to cut off his finger to get the ring when Gilmore manages to catch the girder with his legs and drop to safety. Bob, under an assumed name, meets the detective who is pursuing him, and bets \$1,000 that the detective will not catch "The Midnight Man," the detective to forfeit that amount to charity each time he fails. Bob goes to a theatre at which Zafara is to perform feats of magic and substitutes himself for the "disappearing man," who is seen in one of Zafara's tricks. He is recognized and chased all over the theatre, finally climbing to a flagpole which breaks under his weight, hurling him to the street.

She was sweet and young and pure and pretty! She had been kidnapped by one of the roughest characters in all the Canadian northwest territory. This ruffian had made her dress in the clothes worn by the hardened dancers in a tough dance hall. And then he had dragged her to the top of a table where he offered her at auction to the highest bidder among the gang of wild, tough men gathered in the place! This gives some idea of the thrills in "The Devil's Trail" which comes to the Mystic tomorrow.

SCULLING HONORS AT STAKE ON THE THAMES

Ernest Barry, Holder of World Title, Met Alf Felton, Australian Champion Today

THERE WAS A \$5,000 STAKE.

London, Oct. 27.—World's championship honors were at stake today when Ernest Barry, holder of the world title, and British champion sculler, met Alf Felton, Australian champion, on the historic Thames course between Putney and Mortlake—distance about four and a half miles.

In addition there was a \$5,000 stake.

F. I. Pitman, famous university carman was umpire and dense throngs lined the river bank for hours before the starting time, while the bridges at Putney, Hammersmith and Barnes were blocked to ordinary traffic.

Felton came to Europe with the Australian armies, and his supporters had long been trying to arrange a match with the champion, who was fighting with the British army. At length a meeting was fixed up, but the contest looked like falling through over—the layman—a trivial matter of minutes in the hour at starting.

Felton wanted to start the race at 2 p. m. and Barry, who is an officially recognized Thames waterman member of the ancient city guilds and one of the King's bargemen, insisted on 2:30. (Usually such races start an hour before high tide, which is 4 p. m. and Felton wanted the advantage of the upstream flow). Eventually a compromise was arrived at and the hour was fixed for 2:15 p. m. Barry won the world's sculling championship from the Australian Dick Arnst in 1912 and between that date and 1914 he successfully defended it against E. Durman, H. Pearce, and James Paddon. There was no contest during the war.

Whiskey was first known as a drink in the seventeenth century.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, sallowness and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to anyone troubled in that way, as they are excellent."

Would Almost Stop Her Breath

Bloomington Woman Suffered Nineteen Years—Tanlac Ends Trouble

"When I found Tanlac I discovered just what I've been trying to find for nineteen years," was the statement made by Mrs. E. Lamke, of 707 West Monroe St., Bloomington, Ill., while talking to a Tanlac representative recently.

"I don't believe anybody ever had stomach trouble as bad as I did," continued Mrs. Lamke. "I suffered a thousand deaths during all these years for after nearly every meal nearly everything I ate seemed to poison me, and cause gas to form so bad in my stomach that it almost cut my breath off entirely. My heart would beat fast, and sometimes it would skip and nearly scare me to death. I had splitting headaches which almost drove me frantic. I had such pains in my back that I had to be careful about stooping over, and I was never free from a dull backache. This was caused from my kidneys, I suppose, for they were out of order. I finally got terribly nervous, and my nights were nothing but torment and misery for me. I could find no medicine or anything that would do me any good, and all the time I was falling off in weight, and was getting so much weaker that I had about given up in despair.

"Finally my daughter suggested that I try Tanlac. I decided to give it a trial and got a bottle. Well, sir, I've taken nine bottles now, and it's wonderful what a great change has come over me. Why, my appetite is actually better than it has been in twenty years, and what is more, I can go to the table and eat as big a meal as I ever could in my life. And after I eat, my stomach doesn't trouble me the least bit, and gas has already stopped forming. My kidneys are in fine condition and I never have that dull backache any more. My nervousness and restlessness have left me and many people remark how well I look. I go to bed now and sleep fine every night. It's nothing short of remarkable how this Tanlac has helped me after my troubles had stood so long. I wouldn't take anything in the world for the good this medicine has done me, and no matter how much I say I will never be able to praise Tanlac enough."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

The War Mothers club will meet Wednesday afternoon in the court house. All members are urged to be present.

Mrs. George Helm will be hostess for the S. E. T. club Tuesday afternoon at her home in West Third street.

The Shakespeare Club will meet tomorrow evening with Miss Anna Bohannon at her home in North Morgan street.

Mrs. W. F. Gordon will entertain the members of the O. N. T. club tomorrow afternoon at her home in North Morgan street.

The Pastor's Ladies Aid Society of the Main street Christian church will meet tomorrow afternoon at 2:30 o'clock in the church parlors for the regular monthly session.

Mr. and Mrs. Harry G. Francis of North Harrison street had as their dinner guests yesterday Mr. and Mrs. Charles Butler of Indianapolis, and Mr. and Mrs. George Greisser.

The Baptist Ladies Aid society will meet Wednesday afternoon at two o'clock in the church parlors. As business of importance will be discussed at this time all members of the society are urged to be present.

Miss Helen Wilson of near New Salem entertained the following guests at her home Sunday evening: Miss Mildred Kirk and Miss Ruth Smythe of this city, and Carl Williams, Lawrence Sparks and William Biddinger of Greensburg.

Mr. and Mrs. Fred Woods entertained with a dinner party yesterday the following guests: Mr. and Mrs. Harry Drake, and son William, Mr. and Mrs. Ray Robinson of Shelbyville, Miss Margaret Woods of Arlington, D. L. Spivey and Carl Spivey.

The Smith family reunion was held yesterday at the home of Mr. and Mrs. Orange Flora in Dunreith. Forty-five members of the family were present to enjoy the pitch-in dinner at noon and the social hours in the afternoon. The reunion will be held at the home of Mr. and Mrs. J. H. Frazee in this city next year on October 2.

Mr. and Mrs. William Jackson, Mr. and Mrs. Fred Jackson and family, Mr. and Mrs. Wilbur Piper, Miss Salee Sherry, Mr. and Mrs. Ed Jackson of Raleigh, Mr. and Mrs. George I. Pounce of Raleigh, Mr. and Mrs. George Bell and daughter Helen of Mays, and Mr. and Mrs. John Nipp of this city, motored to Indianapolis yesterday and were the guests of Mr. and Mrs. Andy Gray. At noon a pitch-in dinner was enjoyed.

Miss Frances Frazee and Mrs. John P. Frazee, Jr., entertained about seventy-five guests Saturday afternoon at the home of Miss Frazee in North Main street. Miss Janet Dean played two violin numbers which were immensely appreciated and Miss Mary Louise Poe sang a group of folk songs which the guests enjoyed. A one-course lunch was served late in the afternoon. The spacious rooms of the home were decorated with fall flowers.

The Center Community club will hold its monthly meeting at the Center church Tuesday evening at seven o'clock. In connection with the business session the following program has been arranged by the entertaining committee: Center orchestra; recitation, Glen Retherford; reading, Ethel Brown; mixed quartet, Lena Clark, Lavaughn Sears, Clarence Oldham and Robert McBride; lecture, Mrs. Ora Henley of Carthage on "Women in Industry."

Mrs. Hattie LaLonde was pleasantly surprised Sunday by her friends with a pitch-in dinner at the home of her parents, Mr. and Mrs. Alva Webb, southwest of this city, in honor of her birthday. The guests included Mr. and Mrs. Noel Waggoner and little son Donald, Mr. Glenwood, honoring the twelfth and Mrs. W. E. Chance, Mr. and

birthday of her daughter, Gladys.

Queen Quality

FAMOUS SHOES FOR WOMEN

Above all, "Queen Quality" symbolizes good shoe service. Each of the many Fall and Winter styles is a happy combination of the elements which insure satisfaction, priced consistently fair under market conditions.

The beauty and variety of the new displays appeal to conservative ideals as well as to the woman of fashion, for home or social wear, for business or outdoors.

The largest shoe organization of its kind in the world is ever watchful of the needs of Queen Quality wearers—ever working to provide for their shoe comfort and pleasure.

This Trade Mark stamped on every pair is of great importance to you. It is the brand of reliability and identifies the kind of store that is always at your service. It is a world-wide shoe-guide and marks nearly a quarter-century of consistent value and satisfaction that will ever be maintained.

This Trade Mark is on all "SHOE-SOAP" Kid Shoes. Because reputation is valued above all else, Queen Quality fine black kid shoes are made of "Shoe-Soap" Kid. Eight years of consistent use in Queen Quality Shoes have proved its leadership. This association of Queen Quality endeavors with that of the tanner and retailer enables women to obtain exceptional shoes made from "Shoe-Soap" leather which they have long tested and now demand.

The "Queen Quality" Policy Is "Service Wherever Sold"

Mrs. Andrew Pea and little son Eugene, Mrs. Mary Oakley, Mrs. Pearl Carpenter, Mrs. Florence Duke, Mrs. Ethel Knecht, Miss Prudence Pope, Donald Moore and Everett Oakley of Connersville.

A pretty home wedding was solemnized this afternoon at four o'clock at the home of Mr. and Mrs. Al Linville, 324 West First street, when their daughter Lucille, became the bride of Harry Horsely of Connersville. The Rev. C. S. Black performed the ceremony, signing the ring ceremony. Only the immediate members of the two families were present, and the out-of-town guests were Mr. and Mrs. Earl Linville of Grand Rapids, Mich., and James Worth of Joplin, Mo. A four course dinner will be served tonight, after which Mr. and Mrs. Horsely will leave on a wedding trip to the northern part of the state. Their future home will be in Connersville.

Mrs. Guy Newman delightfully entertained with a birthday party Saturday afternoon at her home in Connersville, honoring the twelfth and birthday of her daughter, Gladys.

Twelve guests were present and enjoyed the afternoon with games and music. At the close of the games refreshments were served in the dining room, the table being decorated with a large birthday cake adorned with twelve candles. The guests were the Misses Vera Reynolds, Martha Laughlin, Frances Little and Virginia Newman, all of Glenwood, and Helen and Bethel Trowbridge, Dorothy Rogers, Elizabeth Trader, Louise Doll, Margaret Oneal and Mary Frances Fitzgerald of this city.

STOP ITCHING ECZEMA
Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, No matter how distressing or humiliating—Its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled.

Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

Plantations of cork oaks are cultivated in southwestern Europe.

NURSE MAKES A STIRRING APPEAL

Continued from Page One
was going on with its wonderful work establishing canteens and caring for refugees, Mrs. Beyea said. She referred to the marvelous showing of the Americans at Chateau Thierry when they made their first big stand of the war—and how that night the wounded were brought back behind the lines until the hospitals were overflowing. She recited how 1,000 men were left with a hospital equipped to handle only 300.

Mrs. Beyea said there were 30,000 Red Cross nurses when the armis-

tice was signed. She declared that the army nurse rather resented the intrusion of the Red Cross nurse about like the regular army did the national guard. She explained how an army nurse had to take the oath and to drill just like a soldier. The speaker said the army nurse had been accustomed to paper work and the dull routine for so long that she had lost some of her sentiment, with the result that the Red Cross nurse who went in with her heart and prepared to give the boys her love as a mother or sister would, soon became popular with the boys. The result was all of the insignia was taken off the Red Cross nurses,

but the army couldn't break the tie, Mrs. Beyea declared.

"You should sweep aside with one sweep of your hand the stories of immorality among the army nurses and the soldiers," she asserted with some vehemence, "because they are untrue. If only 1,000 of the 22,000 American nurses over there were indiscreet, the percent would be small but it was not that large."

Mrs. Beyea described the wonderful companionship and friendship which sprung up between nurses and soldiers. She told of meeting, while on a lecture tour in Michigan last summer, a boy whose life she had saved after the physicians had

given him up, at Coblenz. She recited how the boy, when she came on the platform at the chautauque, hugged her and kissed her, in the presence of the whole audience, and announced that she was his "little mother" and that he intended to show her to his real mother.

Mrs. Beyea recalled that we are astounded when we think of four million men giving their lives in war but we apparently forget that seven million were killed by influenza. She pointed out the work the Red Cross did during the epidemic last winter, and showed how it should be sustained so that it may be prepared for similar emergencies in the fu-

ture.

The speaker declared that if Germany had known what America could do, she would never have started the war.

"We have to keep our heel on the neck of Germany until she proves she is entitled to live in decent society," Mrs. Beyea declared with some warmth.

"We do not know what war is," continued the nurse. "We do not know what it is to come back to the ashes of what was our home. We do not know what it is to see a six-months-old baby nailed to a barn door, such as I saw. We do not know what it is for an 18-year-old

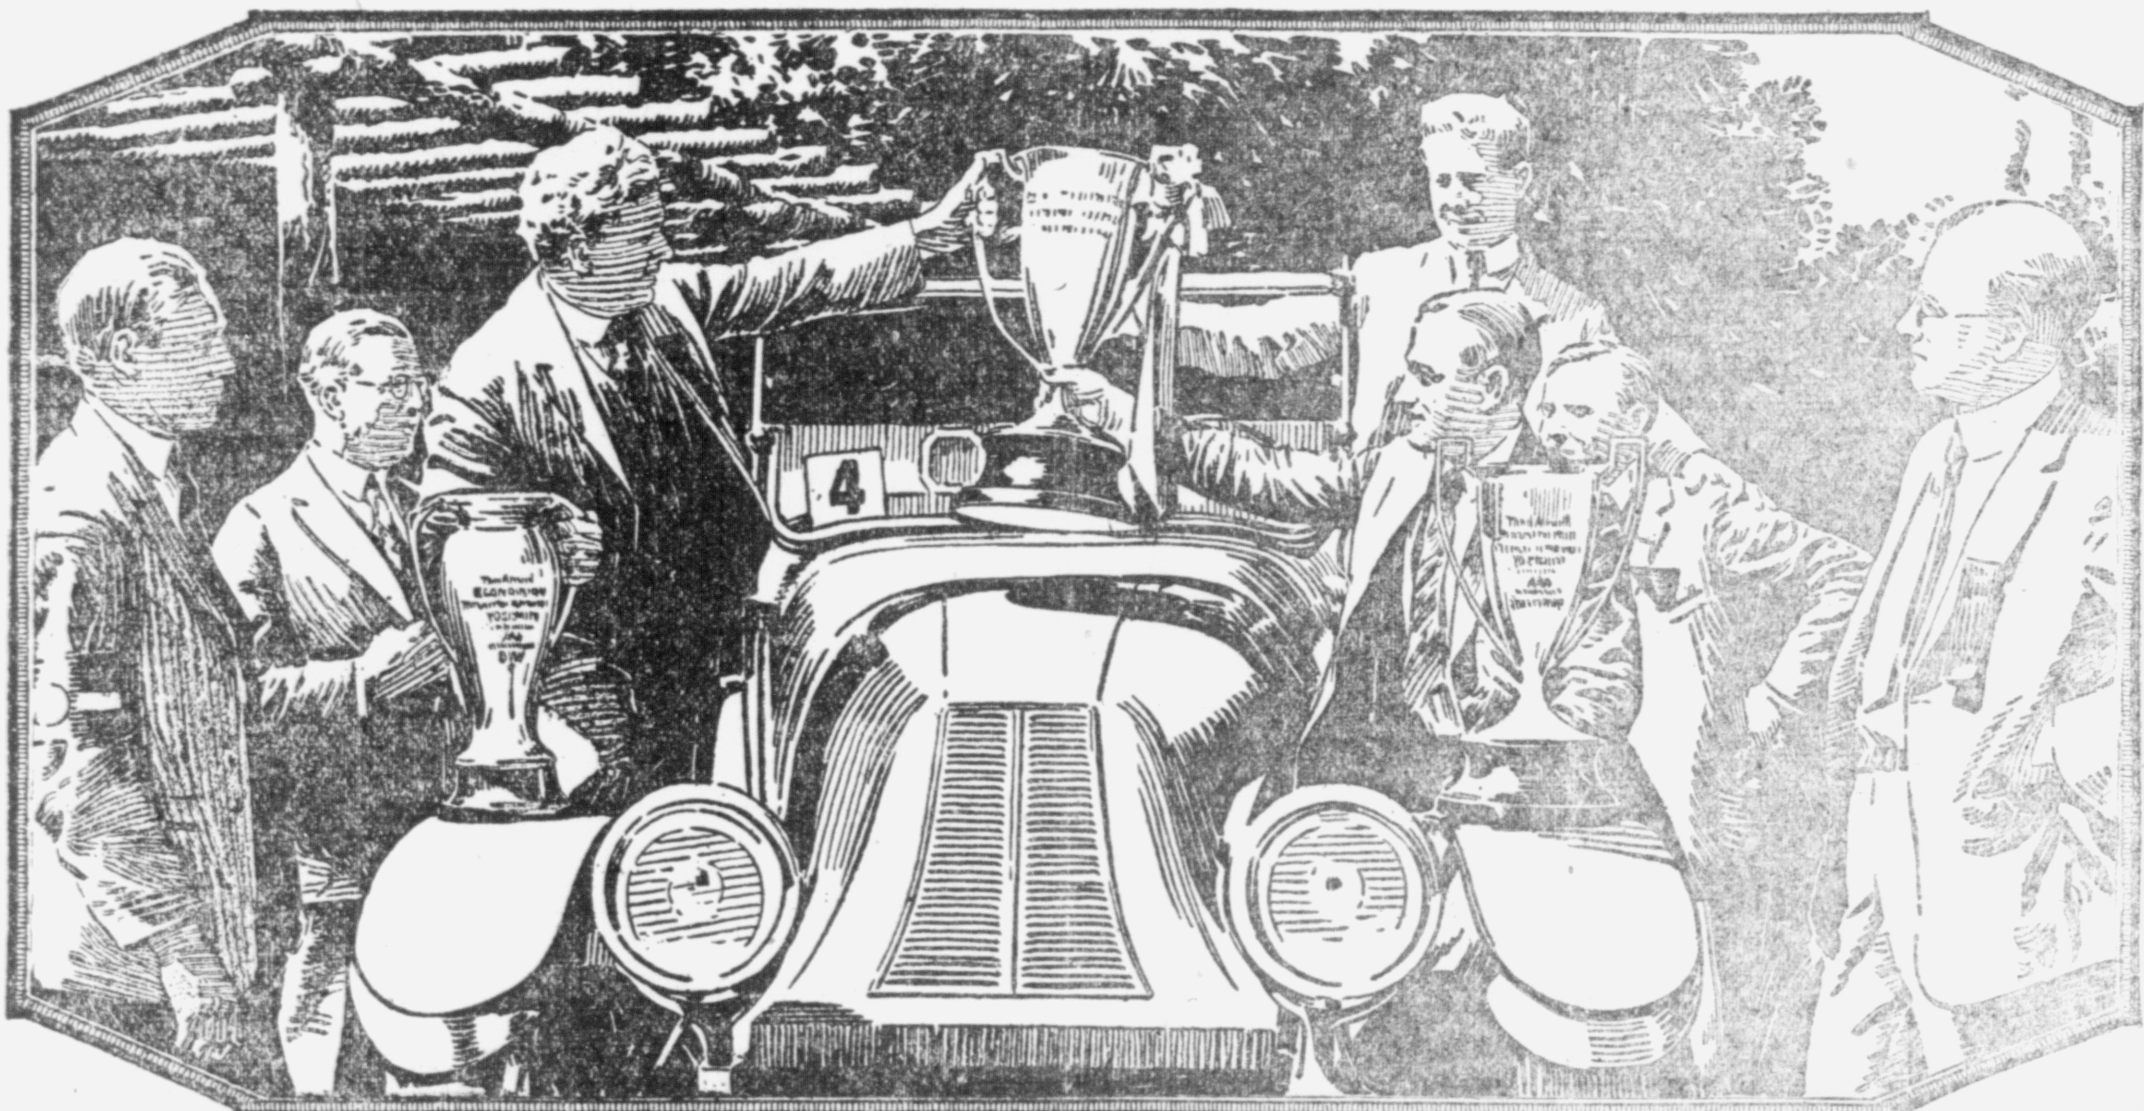

girl to be assaulted by twenty-two German soldiers."

The nurse said she was assaulted in the presence of her aged grandmother and grandfather on the lawn of their home and that when she was brought to the hospital, Mrs. Beyea found her in such a despicable condition that she had to scrape her with a knife to get her clean.

E. B. Thomas presided at the meeting and briefly called attention to the annual meeting of the Red Cross at the court house assembly room Wednesday afternoon at 1 o'clock. Local pastors also took part in the services.

Economy runs, once so popular among automobile manufacturers, have almost passed out of existence due to the foregone conclusion that the Franklin would win. Here is the result of the one remaining event of importance.

(Drawn from Photograph)

New Record For Fuel Economy In Annual Yosemite Run

49.9 Ton Miles to the Gallon of Gasoline Scored by the Franklin Car

Wins Three First Prizes in Event Testing Economy from Every Angle

The last remaining automobile economy run of national importance has been the "Yosemite Run" from Los Angeles to Camp Curry, Yosemite, conducted by the Automobile Club of Southern California under official A. A. A. supervision. Cars of many different types, makes, weights and prices were entered.

The distance is 374.5 miles over the steep slopes of the Sierra Mountains. A profile of the route presents a saw-tooth effect, ranging from sea-level up to 6800 feet, including long, tiring grades as well as sharp rises. No better route could be selected to test car efficiency and reliability from every angle—economy, power, cooling and comfort.

And no better demonstration of the correctness of the Franklin principles of fair cooling, light weight and flexibility could be desired than the results recorded. Even though a rating of "ton-miles" was devised to remove all handicaps of weight, the Franklin took both prizes for which all cars were eligible, in addition to the prize in its own class.

THE FRANKLIN WON

FIRST PRIZE

Sweepstakes cup, for best all-round showing of any car at any price—in gasoline and oil consumption and cooling efficiency. It covered the 374.5 miles on 13 gallons of gasoline, an average of 28.8 miles to the gallon.

FIRST PRIZE

All classes, most ton-miles per gallon of gasoline. This rating was devised to remove all handicaps of weight. It put all scores on an equal basis of comparison. The Franklin, with 49.9 ton-miles, beat lighter and heavier cars.

FIRST PRIZE

Own price class, for most ton-miles per gallon.

The Franklin established a new record, being the first car of any make to win three prizes in the history of the event.

This triple victory for the principles of light weight and flexible construction and direct air cooling (no water to boil or freeze) is important.

It indicates to motorists the freedom from trouble, the fuel economy, and the assurance of motoring satisfaction open to them with the Franklin Car.

These advantages have long been

summed up in the conservative statement of Franklin performance:

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation

Practically without exception, the Franklin Car has established the economy records of all the official events held in seventeen years.

Dirt Road Record For Distance Made by Franklin Car

In 21 hours 37 minutes Continuous Driving, J. T. Peacha Covers 729.5 Miles

On July 22, J. T. Peacha, of Duluth, Minn., undertook to prove to Minnesota motorists not only that the Franklin is the easiest, least fatiguing car to drive, but also that few roads are bad enough to hinder motoring if your car is built on the right principles. He succeeded!

His average of 33.7 miles an hour for over twenty-one and a half hours is better than the average car owner expects even under favorable conditions. It demonstrates clearly that the important thing in covering distance is a car's ability to go steadily over all kinds of roads.

Few but Franklin owners have ever driven up to four hundred miles in a day for pleasure on the best of roads. Mr. Peacha drove through a portion of Minnesota avoided as much as possible by native motorists because of its unimproved roads.

The judges were: A. W. Tracy, Auto Editor, Duluth Herald and Stewart DeMars, Duluth Agent of the Goodyear Tire Company. Car and passengers weighed 3,385 pounds.

NEW BRIDEGROOM TAKEN INTO COURT

Howard Kaehl of Connersville, Arrested 3 Hours After Marriage, One of Many in Court

PAYS FINE FOR SPEEDING

Week End Law Violators Accused of Assault and Battery, Crap Shooting and Wife Desertion

Police court business took a busy turn this morning, and the week-end law violators were accused of assault and battery as well as wife desertion, crap shooting and a bridegroom, of only three hours was arrested. The usual week-end antics are now a thing of the past, and people have found other means of getting into court.

Howard Kaehl, who was married this morning at the St. Mary's Catholic church to Miss Helen Gordon, was brought up at nine o'clock, on charges of violating the speed ordinance. Policeman Lemons testified that late last night Kaehl drove through the business part of the city at the rate of 35 miles per hour. Mayor Irvin, out of pity for the newly married man, let him off with a dollar and costs, which was paid.

Jack Wewer was arraigned on two charges, of wife desertion and assault and battery on his wife. He was arrested yesterday and was held in jail. He pleaded guilty to the assault charge and was fined a dollar and costs. An attempt was made to have the fine paid. A charge of wife desertion was continued, and will be dropped, according to his wife, if he will provide and make a home for them, and be clean.

Thomas Miller, living in Circleville, was arraigned this morning on charges of visiting a place where gaming was going on. Miller pleaded guilty and was fined five dollars and costs, which were paid. He said that he was on his way home Saturday night and met some boys in the Circleville bridge who were shooting craps, and carried a moment to catch them, and was caught when the police arrived.

The boys who were shooting craps were Ralph Clark, Meredith Harrold, Paul Tyler, all fifteen years of age. They were turned over to the police.

CHILDREN OF CITY RESPOND TO APPEAL

Graham Annex Gives Approximately \$12 and High School Like Sum to Roosevelt Fund.

Some of the rooms in the city schools have responded one hundred percent to the appeal for contributions to the Roosevelt memorial fund, but the definite sum given by the children of the city will not be known until tomorrow as some of the teachers held the fund open over day so that pupils who had forgotten to bring their donations, could help swell the fund.

So far as word received by E. H. Payne, county chairman, today indicated, the campaign in the county is not making any more satisfactory progress than previous reports showed. Township chairmen are urged to exert themselves to make a good showing as possible and report to the county chairman at their earliest convenience.

The Graham Annex school closed the fund with contributions amounting to approximately \$12. The Graham high school also gave this amount, but no reports had been received today from the Jackson or Evans schools.

RIDOUT BOY MISSING AGAIN

Youth Found Here Twice Disappears From Home Third Time

A photograph of Leon Ridout, son of Mr. and Mrs. Edgar Ridout of Indianapolis, appears in the Star this morning, together with a story stating that he has been missing from his home for the last week. Mr. and Mrs. Ridout were former residents here, and it will be recalled that the boy ran away a few weeks ago and was found here, at his grandparents home in Circleville. Last week he was also found here with another Indianapolis boy, and was returned home. He is 12 years old, and dislikes attending school, according to his father.

HELD FOR MAKING FALSE AFFIDAVIT

Delavan Smith, Owner of Indianapolis News, Arrested on Federal Grand Jury Indictment

ACCUSED IN TWENTY COUNTS

Said to Have Posed as Sole Owner When Late C. W. Fairbanks Owned 75% of The Stock

(By United Press.) Indianapolis, Ind., Oct. 27.—Delavan Smith, of Lake Forrest, Illinois, publisher of the Indianapolis News, was arrested in the office of Ferdinand Winters here today by United States Marshal Storen on a federal grand jury indictment charging him with making false affidavits regarding the ownership of the newspaper. The indictment resulted from the investigation in the affairs of the late Charles W. Fairbanks who was said to have owned 75 percent of the stock of the newspaper while Smith reported himself in the postoffice statement to have been sole owner.

Smith was released upon arrest when he gave bond for \$10,000 signed by the United States Fidelity Guarantee Company.

The indictment was divided into twenty counts which was grouped in fours as follows: First four, having caused Hilton U. Brown to make affidavits; second four, having procured Brown to make false affidavits; third four, having published a false affidavit; fourth four, having transmitted same to a United States officer; fifth four, having caused such an affidavit to be transmitted under section 28, of the criminal code which makes it an offense to make a false affidavit rendering a false bond for a published for the purpose of defrauding the government.

The penalty in such a case is a fine of not more than \$10,000 and not more than ten years imprisonment or both.

PRESIDENT VETOES DRY ENFORCEMENT ACT

(By United Press.) Washington, Oct. 27.—President Wilson today vetoed the national prohibition act passed by congress to enforce both the war time and constitutional prohibition. He could not approve because of the war time phase, it was explained.

U. S. CONSUL RESCUED.

(By United Press.) Hanford, California, Oct. 27.—John W. Jenkins, father of the American Consul, Astor Jenkins, at Pueblo, Mexico, received a telegram from his sister there, early today stating that Jenkins was rescued from the bandit's gang Sunday afternoon. It was intimated that the rescue was effected by Carranza government forces.

NO MORE LEVIES WILL BE CHANGED

State Tax Commissioners Announce Work of Lowering and Raising Rates is Done

SAY OWNERS ARE SATISFIED

Not as Many Corrections in This County as in Many Other Counties of The State

That there will be no further changes in the tax levies fixed for Rush county units for next year, is indicated by a statement from the state board of tax commissioners which says that no more corrections will be made.

Few changes were made in this county than in many other counties in the state, only the tuition tax levies of Rushville and Walker townships being raised. Rushville's was changed from five to fourteen cents and Walker's from five to fifteen cents.

The tax board statement points out that the correction of rates had to be completed at once so that the duplicates can be placed in the hands of the county treasurer. The statement follows:

"In consideration of more than 1,700 different taxing units and more than 10,000 funds, a number of errors have crept in," said a statement of the tax board. These have been occasioned by mistakes being made by the taxing officials of the different units, the reports of county auditors, and mistakes in calculations of this board. The number of mistakes has been inconsequential as compared with the whole and the satisfaction that has been expressed as to the results obtained. It may be said to be remarkable that more have not appeared. Expressions of satisfaction are coming in from many sources.

"The county auditors of the state have been delayed this year very greatly because of the operation of the new tax law in the making of their duplicates. This is not only a personal expense to themselves in a large measure, but it is holding up work that must be done so that duplicates can be placed in the hands of the county treasurers on the first day of January of the coming year. To accomplish this the tax rates must be finally certified immediately."

PEACE-TIME WORK WILL BE EXPLAINED

Large Attendance of Red Cross Members at Annual Meeting Wednesday is Requested.

HOPED TO MAINTAIN RECORD.

The peace-time program of the American Red Cross will be explained at the annual meeting of the Rush county chapter Wednesday afternoon at two o'clock in the court house assembly room, and every member in the county or any other persons interested, are requested to be present. At the meeting twelve directors, one representing each township auxiliary, will be elected. There are thirty-six directors, twelve being elected each year.

It is imperative that as many members of the Red Cross as possible attend so that the future work of the Red Cross be understood, since the Roll Call campaign for renewing of memberships, and to add new members, will open next Sunday. This county is the banner county in the state for percentage of population in the Red Cross, and it is hoped the record may be maintained next year.

2 ARRAIGNED ON ASSAULT CHARGES

John Tribbey of Arlington is Arrested Today for Attack on His Mother, 83 Years Old.

FRED KNECHT IS ALSO HELD

Accused of Assaulting His Mother-in-Law—Two Judges Are Holding Court Today.

Rushville was a busy city all day in the court business, with plenty going on in the city court and the circuit court was also busy with two judges holding court in different parts of the court house. Judge Craig of Decatur county, was here today, to finish up the case of A. R. Herkless against C. L. Henry, president of the Indianapolis and Cincinnati traction company.

This case was started here a few weeks ago, but was not finished in one day, and the evidence was being heard, with the expectation of ending it this afternoon. Records were introduced as evidence, and the arguments in the case were expected this afternoon. It is a suit to quiet a title.

Judge Sparks this morning heard the argument in the case of the State against Sanford Heaton, wherein Heaton asks for a new trial. The motion was overruled, and the judgment of a dollar and costs as rendered by the jury a few weeks ago, for assault and battery is to stand.

Fred Knecht was arrested on a bench warrant charged with assault and battery. The affidavit was filed by Mrs. Catherine Gilson, his mother-in-law. Knecht entered no plea, and Judge Sparks fixed his appearance bond at \$200, with John Knecht as bondsman.

John B. Tribbey, well known resident of Arlington, was arrested this morning by Sheriff Jones on two charges of assault and battery. The charges were preferred by Prosecutor Stevens, and state that Tribbey hit and struck, while in an angry mood, Mrs. Mollie Mitchell. Mrs. Mitchell is Mr. Tribbey's mother, and is 83 years old. The charges are for offenses committed September 30 and October 18.

When brought before Judge Sparks this morning, no plea was entered and his bond was placed at \$500 in each case, with Elihu Price

ARMISTICE DAY PLANS SUBJECT FOR TONIGHT

Arrangements Committee Will Report on a Program for Celebration of The Day

TOWNSHIP CHAIRMAN INVITED.

Boosters of the plan to celebrate Armistice Day here November 11 with an appropriate observance of the day are anxious that a large crowd of representative business men and citizens from Rushville, as well as others from other parts of the county, attend the meeting in the court house assembly room at eight o'clock tonight to outline a more definite program for the day.

The township chairmen appointed at the meeting last Friday night were all notified of their selection Saturday and Sunday and were invited to attend. The committee on arrangements was to meet at five o'clock this afternoon to meet at five o'clock tonight to be presented tonight. Shelbyville, Greensburg, Columbus, Seymour and other cities in Indiana have already made arrangements to observe the day and it is hoped some plan can be made for formal recognition of the day here.

COUNTY AGENT IS FINED

M. F. Detrick Pleads Guilty to Passing Hack Loading Children

M. F. Detrick, county agent, was arraigned Saturday afternoon before Squire Stech, on a charge of passing a school back with his automobile. The charges were preferred by Prosecutor Stevens, and Mr. Detrick pleaded guilty, and was fined \$5 and costs. According to the complaint he passed a school back in the neighborhood of the Webb school, while it was loading children. The offense happened on Friday, October 24.

SENATE DEFEATS PACT AMENDMENT

Votes 40 to 38 Against Johnson Resolution to Equalize Voting Strength in League.

TEST COMES UNEXPECTEDLY

Eight Republicans Line Up With Democrats Against Amendment—One Democrat Against It.

(By United Press.)

Washington, Oct. 27.—By a vote of 40 to 38 the senate today defeated the Johnson amendment to the peace treaty to equalize the voting strength of the countries in the league of nations.

The vote came unexpectedly at the request of Senator Lodge after Senator Hitchcock announced the suggestion for a unanimous consent to vote. "I see no reason why we cannot have a vote right now," Lodge declared, and the roll was called.

The republicans voting against the amendment were Colt, Edge, Kellogg, Keyes, McCumber, McNary, Nelson and Sterling.

Senator Gore was the only democrat to vote for the amendment.

Immediately after the defeat of the amendment Senator Johnson introduced a second amendment which sought to accomplish the same object as the first one.

A number of the senators were absent when the roll was called. The final result would not have been changed as all the absentees would have voted against the amendment.

GOVERNMENT READY TO PROTECT PUBLIC

Officials Discuss Ways to Act if Miners Disregard Warning Issued by President

FOOD CONTROL LAW ONE WAY

(By United Press.)

Washington, Oct. 27.—While awaiting the miners answer to the request for withdrawal of the coal strike order, government officials today were ready to act to protect the public interest in case the strike is called for November.

There are several opportunities through which the government may step into the coal controversy, declare officials here. The present contract which is to run until the end of the war or until April 1, 1920, was made with the sanction of the fuel administration.

This was pointed out specifically by President Wilson in warning the miners as an indication that the government considers the proposed strike unlawful.

The food control law also gives the government opportunity to take part in the strike. Even without this law the officials pointed out that the supreme court definition would give the government power to do almost anything in the interest of the nation's existence.

NURSE MAKES A STIRRING APPEAL

Mrs. D. Pirie Beyea Declares Red Cross Needs Money, But it Needs People Worse

TELLS A MARVELOUS STORY

"I Take Off My Hat to You Who Stayed Home and Worked" She Says in Final Tribute

"It needs your money but it needs you worse."

In these few words Mrs. D. Pirie Beyea, overseas Red Cross nurse, summed up her appeal for the Roll Call of the Red Cross, November 2 to 11, in an entertaining address at the mass meeting at the Main Street Christian church Sunday.

In picturesque language, with an accent that hinted occasionally of her native tongue, Mrs. Beyea told a story of some of her experiences as a civilian and army nurses which exalted any war tale which has been repeated in Rushville.

While Mrs. Beyea devoted most of the hour and a half she spoke to of stories of the devotion of the Red Cross and of the heroism and courage of the American soldiers, she frequently went off on a tangent to impress upon the audience the great value of the Red Cross and the necessity for continuing it as a vital part of the country's activities.

"I take off my hat to you people who stayed home and worked," said Mrs. Beyea. "I do not doubt but that you did a greater work than we over there. You had no thrills to take away the dull monotony of the daily routine of the Red Cross work. But your wonderful support of us in the field upheld and stirred us to greater efforts."

From the time the unit of the first division was engaged in the first American minor offensive in the Lorraine sector, entering the battle with their famous cry, "Atta Boy," the German morale began to decline, said Mrs. Beyea. She described a conversation with an Englishman who could not understand the meaning of "Atta Boy." Mrs. Beyea said she explained it expressed the American pep. He was ever more perplexed over the word "pep."

"That means," she told the Englishman, "that they are so full of enthusiasm that they will burst if they don't let some of it go."

"They were the most marvelous and most wonderful boys I ever saw," the nurse said. "They never thought of themselves and never gave themselves credit for valorous deeds. 'It was always 'My Buddie' this and 'My Buddie' that."

While the American forces were getting into action, the Red Cross Continued on Page Eight

STATE INSTITUTIONS WILL NOT SUFFER ANY

Governor Says He Strongly Supports President in His Position of Miners Strike

Indianapolis, Ind., Oct. 27.—Governor James P. Goodrich said today that Indiana institutions will not be forced to suffer from the idleness of the mines in Indiana if the miners strike becomes effective November 1. He did not outline any plans of action.

A statement issued by the governor today strongly supported President Wilson in his stand. He said: "I am glad to know that the president takes such a positive stand against the calling of the strike on the first day of November. It is the duty of every citizen of the United States to support the president in this emergency. He can count upon the support of Indiana in every step he takes." Goodrich said.

Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring Signs of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause

unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

STRAUGHN HIGH DEFEATED INDIANAPOLIS HOG MARKET HOLDS STEADY

Fairview Team Wins by Score of 60
to 13 Friday Night

The Fairview high school basketball team had little difficulty Friday night in defeating the Straughn team, by the score of 60 to 13. The Fairview team got the lead in the beginning, and Straughn was at no point able to keep on the pace set by the Fairview players. Fairview has a good schedule and will not doubt win a majority of the games, which includes many of the county high schools. Several of their players were injured a week ago when they played at Connersville, or the score might have been larger.

INDEPENDENT TEAM LOSES

Orange is Defeated by Picked Team
at New Salem, 24 to 17

The Orange Independent Basketball team was defeated Friday night in a fast game at New Salem by a picked team playing under the name of New Salem, 24 to 17. Long played a star game for Orange. The picked team lined up as follows:

Walker of Straughn, and Willis of New Salem, forwards; Brodie of Clarksville, center; and Berger of Rushville and Griner of Andersonville, guards. Long and Creek played forward for Orange. Bever was at center and Pike and Mitchell at the guard positions.

CORN PLOTS BEING JUDGED

Judging in 5-Acre Contest Will be
Finished This Week

The work of judging the five-acre plots in the five-acre corn contest has begun in this county. Joe Helms, a noted corn judge has been scheduled by the Indiana Corn Growers Association to aid in judging. Twenty contestants will compete for the prizes which will be \$10.00, \$7.50, \$5.00 and \$2.50. In addition, the Silver Cup donated by the Peoples National bank will be held for one year by the county winner. Ralph Gosnell of Orange township won the cup last year and is a contestant again this year. Elmer Hutchinson and A. J. Reddick have each donated \$25.00 to be given to the highest yielder in Posey township. If weather permits the judging will be finished Thursday.

NEW BRIDEGROOM TAKEN INTO COURT

Continued from Page One

Charley Pen and Charley Sorrell each paid a dollar and costs this morning for assault and battery on Alonzo Marrow. According to the story, Marrow who is in charge of an apple car near the old Pennsylvania depot, assaulted young Sorrell, son of Charley. The two men arrived upon the scene, and evidently handled Marrow roughly, as he possessed two shining black eyes when in police court this morning. Pen denied that he had anything to do with the fight, but that he separated them. Both pleaded guilty rather than carry the case further. Charges against Marrow may be filed by Sorrell for assaulting his son, who is a minor.

Mayme Wewee Leisure was placed in jail yesterday afternoon by Chief of Police Wilfong, on a statutory offense. A preliminary hearing was given at one o'clock this afternoon, a plea of not guilty being entered. The case has been set for seven o'clock Tuesday night in police court.

DAYS PICKINGS

The Mystic theater is being extensively redecorated on the interior, the woodwork being refinished and the walls repapered.

Word has been received here of the birth of a baby boy to the wife of John Snively, of Connersville, on October 19. Mr. Snively is a son of D. L. Spivey of this city.

A baby boy weighing five pounds and ten ounces was born to Charles Stark, formerly Mrs. Add Fisher of this city, at her home in Connersville, on October 20. The word received heretofore. The baby was named Jack C.

The Indianapolis hog market held steady today with receipts 1500 greater than Saturday. Corn continued strong and oats was also strong. Cattle prices were the same and sheep were 50 cents lower.

THE MOTHER

OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach, "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

Squibb's Pure Spices

In the popular mind the sole value of spices lies in their property of imparting an agreeable flavor to food. Aside, however, from this well known virtue, spices are of great dietic importance, so that their selection with a view of obtaining them of full strength and of a high quality deserves careful attention.

SQUIBB'S SPICES are selected by a botanical expert, and at once ground in special spice mills, great care being taken to prevent loss of the volatile oils upon which their value depends. Being absolutely pure and of unusual strength, they are economical to use, a small quantity going a great way.

We carry a complete line of these absolutely pure powdered spices, comprising: Allspice, Cinnamon, Cloves, Ginger, Mustard, Nutmeg, Paprika and Pepper. They are all put up in air-tight sifter-top cans, convenient for table use. Owing to their high quality they are used by discriminating people everywhere. A trial will convince you of their general excellence.

STRAUGHN HIGH DEFEATED INDIANAPOLIS HOG MARKET HOLDS STEADY

Fairview Team Wins by Score of 60 to 13 Friday Night

The Fairview high school basketball team had little difficulty Friday night in defeating the Straughn team, by the score of 60 to 13. The Fairview team got the lead in the beginning, and Straughn was at no point able to keep on the pace set by the Fairview players. Fairview has a good schedule and will not doubt win a majority of the games, which includes many of the county high schools. Several of their players were injured a week ago when they played at Connersville, or the score might have been larger.

INDEPENDENT TEAM LOSES

Orange is Defeated by Picked Team at New Salem, 24 to 17

The Orange independent basketball team was defeated Friday night in a fast game at New Salem by a picked team playing under the name of New Salem, 24 to 17. Long played a star game for Orange. The picked team lined up as follows:

Walker of Straughn, and Willis of New Salem, forwards; Brodie of Clarksville, center, and Berer of Rushville and Griner of Andersonville, guards. Long and Creek played forward for Orange. Berer was at center and Pyke and Hitchell at the guard positions.

CORN PLOTS BEING JUDGED

Judging in 5-Acre Contest Will be Finished This Week

The work of judging the five-acre plots in the five-acre corn contest has begun in this county. Joe Helms, a noted corn judge has been scheduled by the Indiana Corn Growers Association to aid in judging. Twenty contestants will compete for the prizes which will be \$10.00, \$7.50, \$5.00 and \$2.50. In addition, the Silver Cup donated by the People's National bank will be held for one year by the county winner. Ralph Goshell of Orange township won the cup last year and is a contestant again this year. Elmer Hutchinson and A. J. Reddick have each donated \$25.00 to be given to the highest yielder in Posey township. If weather permits the judging will be finished Thursday.

NEW BRIDEGROOM TAKEN INTO COURT

Continued from Page One

Charley Pen and Charley Sorrell each paid a dollar and costs this morning for assault and battery on Alonzo Marrow. According to the story, Marrow who is in charge of an apple car near the old Pennsylvania depot, assaulted young Sorrell, son of Charley. The two men arrived upon the scene and evidently handled Marrow roughly, as he possessed two shining black eyes when in police court this morning. Pen denied that he had anything to do with the fight, but that he separated them. Both pleaded guilty rather than carry the case further.

Charges against Marrow may be filed by Sorrell for assaulting his son, who is a minor.

Mayne Wewee Leisure was placed in jail yesterday afternoon by Chief of Police Wilfong, on a statutory offense. A preliminary hearing was given at one o'clock this afternoon, a plea of not guilty being entered. The case has been set for seven o'clock Tuesday night in police court.

DAYS PICKINGS

The Mystic theater is being extensively redecorated on the interior, the woodwork being refinished and the walls repapered.

Word has been received here of the birth of a baby boy to the wife of John Spravey, of Clay City, on October 19. Mr. Spravey is a son of D. L. Spravey of this city. A baby boy weighing five pounds and ten ounces was born to Charles Spravey, formerly Mrs. Ada Fisher of this city, at her home in Clay City, Oct. 19. The baby was named Jack C.

The Indianapolis hog market held steady today with receipts 1500 greater than Saturday. Corn continued strong and oats was also strong. Cattle prices were the same and sheep were 50 cents lower.

THE MOTHER

OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach. "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

Squibb's Pure Spices

In the popular mind the sole value of spices lies in their property of imparting an agreeable flavor to food. Aside, however, from this well known virtue, spices are of great dietetic importance, so that their selection with a view of obtaining them of full strength and of a high quality deserves careful attention.

SQUIBB'S SPICES are selected by a botanical expert, and at once ground in special spice mills, great care being taken to prevent loss of the volatile oils upon which their value depends. Being absolutely pure and of unusual strength, they are economical to use; a small quantity going a great way.

We carry a complete line of these absolutely pure powdered spices, comprising: Allspice, Cinnamon, Cloves, Ginger, Mustard, Nutmeg, Paprika and Pepper. They are all put up in air-tight sifter-top cans, convenient for table use. Owing to their high quality they are used by discriminating people everywhere. A trial will convince you of their general excellence.

Soft Pork

the feeds that produce it

The three main contributing feed factors for making SOFT PORK are—corn products, soy beans and peanuts. Avoid them, as soft hogs are docked from \$1.50 to \$7.00 per hundred. Many commercial feeds, we are sorry to say, contain one or more of these so-called hog-feed ingredients.

FAT BACK HOG FEED makes nothing but hard pork, and does it cheaply and quickly. FAT BACK does more. It produces large healthy pigs with a heavy coat of hair at birth. The brood sow is better for FAT BACK and the pigs get sufficient amount of rich milk.

FAT BACK—Protein 18 per cent—Fat 4 per cent—Carbohydrates 58 per cent, and Fibre not over 10 per cent.

Watch the Little Pimples; They are Nature's Warning

Unightly and Disfiguring Signs of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause

unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

Pure Bred Sires Economy

Pure bred sires are economy. Farmers will all agree on that subject but few of them practice what they preach. Though farmers are coming more and more to pay attention to breeding in all stock, the United States department of agriculture believes that many more can be convinced that it pays to raise good stock and have started a state and national crusade to this end.

The scrub hog requires a certain number of bushels of corn to make 300 pounds of pork. The purebred or high-grade hog takes the same number of bushels of corn and makes 300 pounds of pork. The purebred or high-grade cow makes three gallon of milk out of the same quantity of silage that the scrub cow uses to make a gallon and a half of milk. These figures are not meant to be scientifically exact, of course, but merely to illustrate the principle. The result is that the farmer gets more pounds of saleable product out of his feed when he uses purebred sires at the head of his herds and flocks. He gets more money and his family lives better. But something else happens. When he sells more pounds of a better class of meat or more gallons of rich milk he feeds the city family better than he did when he kept scrub stock. The final result of purebred sires is that the farmer makes more money and the city family gets more and better food, probably at lower prices.

The crusade the experts say, eventually will tend to result in reducing the cost of living to the consumer without taking the difference out of the pocket of the producer. For that reason, they point out, the city man has a definite, money interest in the better sires crusade. While he can hardly be expected to put the same amount of effort into it that the live stock breeder should, he is expected to give encouragement and aid to the program whenever the opportunity offers. And there will be no lack of opportunity, particularly in the smaller cities and towns where the farmers are in close contact with the city business men.

Prosperity and Adversity.

The world is short on production! This is particularly true of those countries recently locked in the strife of nations. Even our own is incuded.

Foreign peoples are manifestly not in position to produce in propor-

has a successful record
of half a century

TIME-TRIED for more than fifty years and today at the zenith of its popularity! When you think of it, we are convinced that Dr. King's New Discovery does exactly what it is meant to do—soothe coughs, raw throats, congestion-tormented chests, loosen phlegm, pack, and breaks the most obstinate cold and grippe attack.

Dr. King's is safe for your cold, for your mother's cold, for the kid's cold, cough, croup. Leaves no disagreeable after-effects. 50c. and \$1.25 bottles at your druggist's.

Sap and Salt

By BERT MOSES

Nothing can take the place of smiles and good cheer.

Truth may hurt, but not much, for it is so seldom told.

All good women are hungry for love, but seldom find it.

Some men get by better on their gall than on their brains.

Hez Heck says: "Roosters seem to have a bias for Mormonism."

Folks who idolize each other are getting ready to hate as soon as their limitations develop.

ation to their requirements for some years to come.

America is.

The sensible thing then, for America to do is to increase its production, to double, and treble it.

This can be done.

Two essentials to this end are paramount: Quit squabbling among ourselves, and GO TO WORK.

America is rich now. But in a few years, if we all go to work and produce to the limit of our capacity, we will have provided the necessities for which the world cries, and we will have enriched ourselves beyond the dreams of avarice.

Every one will become a plutocrat.

Go to work!

Work harder!

Stay with it!

Your ship will come in and your dream will come true.

Look beneath the surface before judging as to the merits of a man. A polished veneer hides many a jagged scar.

It's easy for a hardened sinner to put on a frock coat, a plug hat, a black tie, and pass muster in a crowd of respectable people. But the devil knows his own wherever they are found.

"Goodness creates smiles," says a writer. True, but not all smiles are indicative of goodness.

Every person has a distinct personality but few people really understand how their personality affects others.

6 BYE- ELECTIONS ARE
HELD IN CANADA TODAY

Nationalization of Railways, Civil
Reestablishment of Soldiers and
Prohibition Issues

SEEK TO STOP LIQUOR SALES.

Ottawa, Ont., Oct. 27—Bye-elections in six constituencies in Canada were under way today, voters being asked to elect men on three main issues—nationalization of the railways; civil re-establishment of soldiers and question of further gratuities to service men, and prohibition.

General opinion in various provinces has it that inter-provincial trade in liquor will be sanctioned. Prohibitionists seek to stop the import as well as sale of liquor.

Nationalization of railways, urged by the government, will be a hard fought issue. The Unionists have urged election of their men on the proposition of taking over all lines in the Dominion except the Canadian Pacific. The government could never finance sufficiently that road, which it is said, is not in need of government aid to make it a successfully-conducted system.

Increased pay to soldiers, discharged and in service, is urged by the Unionist party. The soldiers of Canada already receive a larger gratuity than in any Anglo-Saxon country, liberals insist.

Districts where candidates for the federal parliament are up for election, are: Assiniboia, Sask., Prince County, P. E. I., Victoria, and Carleton, N. B.; Quebec East, Kingston, Ont., and Victoria, B. C.

The shape of Lake Lucerne resembles a cross with a crumpled stem.

T. R.'S BIRTHDAY
OBSERVED TODAY

Efforts of Memorial Association
Center in Buying Home as Center
Of Americanization

WOMEN AIDING CAMPAIGN

Exercises at Oyster Bay Consist of
Raising of an American Flag Over
Roosevelt's Grave

New York, Oct. 27—In scores of communities today—the birthday of Theodore Roosevelt—exercises are being held to swell the fund to build a permanent memorial to the dead Ex-President.

The movement fostered by the Roosevelt Memorial association, has so gripped the American people that in every state in the Union branches have been organized among men and women of every race, political faith and station in life. While monuments, tablets, trees and public buildings will attest America's love for the versatile Colonel in nearly all the larger communities, the main efforts of the association will center in the purchase, development and perpetuation as a center of Americanization the Oyster Bay home of Colonel Roosevelt.

To finance the project, which will have as its prime object the instilling of Roosevelt's ideas and ideals of true Americanism into the hearts of young America, the memorial association is asking contributions to the fund. No definite amount has been set as a goal, the executive committee having ruled that "the association will be highly pleased with voluntary contributions of any amount."

During the campaign week, closing today, state branches whose leaders are men and women prominent in every political party, have had workers in the field. It was originally estimated \$10,000,000 would be required to buy the Sagamore Hill property, the home of Roosevelt, and adjacent property to convert into a permanent park and playground.

Aiding the Permanent Roosevelt Memorial association is the Woman's Roosevelt Memorial association which has as its object the purchase of No. 28 East Twenty-eighth St., New York City, the house in which Colonel Roosevelt was born. Adjacent property to this house will also be bought, according to present plans, and the whole thing restored and perpetuated.

William Boyce Thompson, president of the Roosevelt Memorial Association, and Mrs. John Henry Hammond, head of the Women's Roosevelt Memorial association, asked governors of various states to proclaim today Americanization Day in honor of the Colonel's memory. In several states public schools are holding exercises. In other states public memorial services were scheduled.

Exercises at Oyster Bay consisted of the raising of an American flag over Roosevelt's grave—the flag that was carried on foot by boy scouts in a month's relay from Buffalo, N. Y., where Roosevelt was inaugurated as President of the United States. School children attended, carrying American flags, and placed flowers on the grave in Young's Memorial Cemetery.

The shortest sentence containing all the letters of the alphabet is "Pack my box with five dozen liquor jugs."

When You Repeat Them.

Bad blood between Biggs and Jiggs in the mountain section of northeast Pennsylvania came apace when Biggs put up a fence which blocked an old cowpath and Jiggs' cattle were called upon to detour. Jiggs tore the fence down. Biggs put it up again; then Jiggs demolished it once more. Biggs went to an attorney and asked what he could do. The lawyer said, "It is trespass I can sue him for you. The cost will be about \$10.00." Biggs produced a greasy wallet and twenty dollars in currency and said:

"I want you to law that sucker. I want him lawed a good twenty dollars worth. As soon as you get the case started call him a blankety-blank"—this volley included about every banned epithet in the English language, any of which would have meant contempt proceedings by the court. "After that," continued Biggs "begin to warm up gradual, and leave Jiggs know that when I law a man I law him proper."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

BURLESON TOLL RATE

Indiana Independent Telephone
Companies Will Seek a Continuation of Present Charges

WILL EXPIRE ON DECEMBER 1

Indianapolis, Ind., Oct. 27—Telephone companies of Indiana were to go before the state public service commission today in an effort to induce the commission to permit the Burleson exchange and toll rates to continue after December 1. These rates are scheduled to expire on that date.

The phone companies were represented by members of the Indiana Telephone association, which is comprised of the Central Union and Independent exchanges.

Among the men expected to attend the meeting were Harry A. Barnhart, president of the association, Frank O. Cappy, secretary, and members of the executive committee, which includes besides the two officers named Frank Wampler, general manager of the Central Union, W. M. Bailey, Frank E. Bohn, H. F. Farrell and Walter J. Uhl. This committee and other members of the association planning to attend will report to the association the results of the conference.

THE MAJORITY OF PEOPLE

just use bread as a filler. They do not eat bread that is made of poor flour because they like it, for as a matter of fact there is nothing to like. They do not dislike it, as it has no positive taste. Why not have bread that you will like, bread that tastes good, feels good and looks good—the kind that you really want—the kind you stick to when you are started.

USE HOME-BAKED BREAD, MADE FROM CLARK'S PURITY FLOUR AND YOU WILL HAVE THE BEST.

From Jelly Covering to Street Covering

WHEN you think of the Standard Oil Company (Indiana) you visualize instantly gasoline, kerosene and lubricating oil.

True, these are the three fundamental products of manufacture, but the Company is proud of the fact that its service enters your life by many other doors.

Standard Oil Company (Indiana) service, by keen initiative and ceaseless effort, is able to supply you with more than 2000 useful products, all made from petroleum.

The humble paraffin which seals your jelly glasses against the inroads of ferments, and the asphalt which covers the streets you drive upon, are by-products of petroleum, and there are hundreds of others, all servants of your daily needs.

Scores of other products, each vital to some specific industry, which in turn supplies you with needed merchandise, are made, wholly or in part, from portions of the crude oil which otherwise would be waste.

Standard Oil Company (Indiana) products are delivered by a network of stations and distribution systems, so complete that every hamlet of the Middle West is supplied.

Notwithstanding the wide range of Standard Oil Company (Indiana) service, the Company is constantly striving to increase the number of useful products, and to intensify its service, so that it may fulfill to the utmost its obligation as a public servant.

"Peck's Bad Girl" at Princess
"Peck's Bad Girl," Mabel Normand's newest Goldwyn Picture, gives the vivacious artiste a role certain to delight her tremendous local following when the spirited comedy-drama is presented at the Princess theatre, tonight.

A sweetheart and a job bring a marked change in the life of Mabel Penelope Peck (played by Mabel Normand). Before the arrival of Richard Hayes in Yaptank the villagers have been roused to desperate deeds by the daily pranks of Mabel. But when Richard begins to "shine up" to her Mabel decides she wants to be more like other girls. So she gets a job as assistant to a milliner in the village.

Before long Mabel makes a discovery that the cellar under the store is being used for some strange purpose. Suspicious she goes into the cellar and finds a tunnel has been drilled through two of the buildings adjoining the bank. Mabel returns to the store and finds her employer, Hortense Martinot, is packing up for a hasty departure. Having in mind the milliner's frequent talks with two slick strangers, Mabel seeks an explanation for the sudden decision to leave. A fight ensues in which Hortense is worsted, and to make certain that she doesn't escape Mabel binds and gags her.

Going into the yard back of the bank, Mabel runs into Hayes. She imagines he is a thief, but is soon convinced that Richard is a detective and not a jewelry salesman as she supposed. Mabel tells him of the underground tunnel and plans are made to capture the robbers. They materialize more quickly than Mabel and her sweetheart expect. Mabel helps to overpower the crooks and the once village scamp is now the heroine of Yaptank.

Third Episode at Mystic

In the third episode of the new Universal serial, "The Midnight Man," shown today at the Mystic theatre, Jim Corbett (Bob Gilmore) follows the clue of the jade ring which, he thinks, will reveal the secret of his parentage. He had been left hanging to a girder over a viaduct, after an automobile wreck and Zafara is about to cut off his finger to get the ring when Gilmore manages to catch the girder with his legs and drop to safety. Bob, under an assumed name, meets the detective who is pursuing him, and bets \$1,000 that the detective will not catch "The Midnight Man," the detective to forfeit that amount to charity each time he fails. Bob goes to a theatre at which Zafara is to perform feats of magic and substitutes himself for the "disappearing man," who is seen in one of Zafara's tricks. He is recognized and chased all over the theatre, finally climbing to a flagpole which breaks under his weight, hurling him to the street.

She was sweet and young and pure and pretty! She had been kidnapped by one of the toughest characters in all the Canadian northwest territory. This ruffian had made her dress in the clothes worn by the hardened dancers in a tough dance hall. And then he had dragged her to the top of a table where he offered her at auction to the highest bidder among the gang of wild, tough men gathered in the place! This gives some idea of the thrills in "The Devil's Trail" which comes to the Mystic tomorrow.

SCULLING HONORS AT STAKE ON THE THAMES

Ernest Barry, Holder of World Title, Met Alf Felton, Australian Champion Today

THERE WAS A \$5,000 STAKE.

London, Oct. 27.—World's championship honors were at stake today when Ernest Barry, holder of the world title, and British champion sculler, met Alf Felton, Australian champion, on the historic Thames course between Putney and Mortlake—distance about four and a half miles.

In addition there was a \$5,000 stake.

F. I. Pitman, famous university oarsman was umpire and dense throngs lined the river bank for hours before the starting time, while the bridges at Putney, Hammersmith and Barnes were blocked to ordinary traffic.

Felton came to Europe with the Australian armies, and his supporters had long been trying to arrange a match with the champion, who was fighting with the British army. At length a meeting was fixed up, but the contest looked like falling through over—the layman—a trivial matter of minutes in the hour of starting.

Felton wanted to start the race at 2 p. m. and Barry, who is an officially recognized Thames waterman member of the ancient city guilds and one of the King's bargemen, insisted on 2:30. (Usually such races start an hour before high tide, which is 4 p. m. and Felton wanted the advantage of the upstream flow). Eventually a compromise was arrived at and the hour was fixed for 2:15 p. m. Barry won the world's sculling championship from the Australian Dick Arnst in 1912 and between that date and 1914 he successfully defended it against E. Durman, H. Pearce, and James Paddon. There was no contest during the war.

Whiskey was first known as a drink in the seventeenth century.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, swollen skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."

Would Almost Stop Her Breath

Bloomington Woman Suffered Nineteen Years—Tanlac Ends Trouble

"When I found Tanlac I discovered just what I've been trying to find for nineteen years," was the statement made by Mrs. E. Lamke, of 707 West Monroe St., Bloomington, Ill., while talking to a Tanlac representative recently.

"I don't believe anybody ever had stomach trouble as bad as I did," continued Mrs. Lamke. "I suffered a thousand deaths during all these years for after nearly every meal nearly everything I ate seemed to poison me, and cause gas to form so bad in my stomach that it almost cut my breath off entirely. My heart would beat fast, and sometimes it would skip and nearly scare me to death. I had splitting headaches which almost drove me frantic. I had such pains in my back that I had to be careful about stooping over, and I was never free from a dull backache. This was caused from my kidneys, I suppose, for they were out of order. I finally got terribly nervous, and my nights were nothing but torment and misery for me. I could find no medicine or anything that would do me any good, and all the time I was falling off in weight, and was getting so much weaker that I had about given up in despair.

"Finally my daughter suggested that I try Tanlac. I decided to give it a trial and got a bottle. Well, sir, I've taken nine bottles now, and it's wonderful what a great change has come over me. Why, my appetite is actually better than it has been in twenty years, and what is more, I can go to the table and eat as big a meal as I ever could in my life. And after I eat, my stomach doesn't trouble me the least bit, and gas has already stopped forming. My kidneys are in fine condition and I never have that dull backache any more. My nervousness and restlessness have left me, and many people remark how well I look. I go to bed now and sleep fine every night. It's nothing short of remarkable how this Tanlac has helped me after my troubles had stood so long. I wouldn't take anything in the world for the good this medicine has done me, and no matter how much I say I will never be able to praise Tanlac enough."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis.—(Adv.)

The War Mothers club will meet Wednesday afternoon in the court house. All members are urged to be present.

Mrs. George Helm will be hostess for the S. E. T. club Tuesday afternoon at her home in West Third street.

The Shakespeare Club will meet tomorrow evening with Miss Anna Bohannon at her home in North Morgan street.

Mrs. W. F. Gordon will entertain the members of the O. N. T. club tomorrow afternoon at her home in North Morgan street.

The Pastor's Ladies Aid Society of the Main street Christian church will meet tomorrow afternoon at 2:30 o'clock in the church parlors for the regular monthly session.

Mr. and Mrs. Harry G. Francis of North Harrison street had as their dinner guests yesterday Mr. and Mrs. Charles Butler of Indianapolis, and Mr. and Mrs. George Greisser.

The Baptist Ladies Aid society will meet Wednesday afternoon at two o'clock in the church parlors. As business of importance will be discussed at this time all members of the society are urged to be present.

Miss Helen Wilson of near New Salem entertained the following guests at her home Sunday evening: Miss Mildred Kirk and Miss Ruth Smythe of this city, and Carl McWilliams, Lawrence Sparks and William Biddinger of Greensburg.

Mr. and Mrs. Fred Woods entertained with a dinner party yesterday the following guests: Mr. and Mrs. Harry Drake, and son William, Mr. and Mrs. Ray Robinson of Shelbyville, Miss Margaret Woods of Arlington, D. L. Spivey and Carl Spivey.

The Smith family reunion was held yesterday at the home of Mr. and Mrs. Orange Flora in Dunreith. Forty-five members of the family were present to enjoy the pitch-in dinner at noon and the social hours in the afternoon. The reunion will be held at the home of Mr. and Mrs. J. H. Frazee in this city next year on October 2.

Mr. and Mrs. William Jackson, Mr. and Mrs. Fred Jackson and family, Mr. and Mrs. Wilbur Piper, Miss Salee Sherry, Mr. and Mrs. Ed Jackson of Raleigh, Mr. and Mrs. George I. Pounce of Raleigh, Mr. and Mrs. George Bell and daughter Helen of Mays, and Mr. and Mrs. John Nipp of this city, motored to Indianapolis yesterday and were the guests of Mr. and Mrs. Andy Gray. At noon a pitch-in dinner was enjoyed.

Miss Frances Frazee and Mrs. John P. Frazee, Jr., entertained about seventy-five guests Saturday afternoon at the home of Miss Frazee in North Main street. Miss Janet Dean played two violin numbers which were immensely appreciated and Miss Mary Louise Poe sang a group of folk songs which the guests enjoyed. A one-course lunch was served late in the afternoon. The spacious rooms of the home were decorated with fall flowers.

The Center Community club will hold its monthly meeting at the Center church Tuesday evening at seven o'clock. In connection with the business session the following program has been arranged by the entertaining committee: Center orchestra; recitation. Glen Retherford; reading, Ethel Brown; mixed quartet, Lena Clark, Lavaghn Sears, Clarence Oldham and Robert McBride; lecture, Mrs. Ora Henley of Carthage on "Women in Industry."

Mrs. Hattie LaLonde was pleasantly surprised Sunday by her friends with a pitch-in dinner at the home of her parents, Mr. and Mrs. Alva Webb, southwest of this city, in honor of her birthday. The guests included Mr. and Mrs. Noel Waggoner and little son Donald, Mr. and Mrs. W. E. Chance, Mr. and

Above all, "Queen Quality" symbolizes good shoe service. Each of the many Fall and Winter styles is a happy combination of the elements which insure satisfaction, priced consistently fair under market conditions.

The beauty and variety of the new displays appeal to conservative ideals as well as to the woman of fashion, for home or social wear, for business or outdoors.

The largest shoe organization of its kind in the world is ever watchful of the needs of Queen Quality wearers—ever working to provide for their shoe comfort and pleasure.

This Trade Mark stamped on every pair is of great importance to you. It is the brand of reliability and identifies the kind of store that is always at your service. It is a world-wide shoe-guide and marks nearly a quarter-century of consistent value and satisfaction that will ever be maintained.

This Trade Mark is on all "SHOE-SOAP" Kid Shoes. Because reputation is valued above all else, Queen Quality fine black kid shoes are made of "Shoe-Soap" Kid. Eight years of consistent use in Queen Quality Shoes have proved its leadership. This association of Queen Quality endeavors with that of the tanner and retailer enables women to obtain exceptional shoes made from "Shoe-Soap" leather which they have long tested and now demand.

The "Queen Quality" Policy Is "Service Wherever Sold"

Mrs. Andrew Pea and little son Eugene, Mrs. Mary Oakley, Mrs. Pearl Carpenter, Mrs. Florence Duke, Mrs. Ethel Knecht, Miss Prudence Pope, Donald Moore and Everett Oakley of Connersville.

A pretty home wedding was solemnized this afternoon at four o'clock at the home of Mr. and Mrs. Al Linville, 324 West First street, when their daughter Lucille, became the bride of Harry Horsely of Connersville. The Rev. C. S. Black performed the ceremony, assisting the ring ceremony. Only the immediate members of the two families were present, and the out-of-town guests were Mr. and Mrs. Earl Linville of Grand Rapids, Mich., and James Worth of Joplin, Mo. A four course dinner will be served tonight, after which Mr. and Mrs. Horsely will leave on a wedding trip to the northern part of the state. Their future home will be in Connersville.

Mrs. Guy Newman delightfully entertained with a birthday party Saturday afternoon at her home in Glenwood, honoring the twelfth birthday of her daughter, Gladys.

Twelve guests were present and enjoyed the afternoon with games and music. At the close of the games refreshments were served in the dining room, the table being decorated with twelve candles. The guests were the Misses Vera Reynolds, Martha Laughlin, Frances Little and Virginia Newman, all of Glenwood, and Helen and Bethel Trowbridge, Dorothy Rogers, Elizabeth Trader, Louise Doll, Margaret Oneal and Mary Frances Fitzgerald of this city.

(Additional Society, Page 3)

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, better, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

Manilla high school defeated Morristown, 22 to 6, in a game of basketball at Blue Ridge last Friday.

Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating—its intensity can be reduced to a harmless, mildness."

says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled.

Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

Plantations of cork oaks are cultivated in southwestern Europe.

DR. F. H. FINLAW

NURSE MAKES A
STIRRING APPEAL

Continued from Page One

was going on with its wonderful work establishing canteens and caring for refugees, Mrs. Beyea said. She referred to the marvelous showing of the Americans at Chateau Thierry when they made their first big stand of the war—and how that night the wounded were brought back behind the lines until the hospitals were overflowing. She recited how 1,000 men were left with a hospital equipped to handle only 300.

Mrs. Beyea said there were 30,000 Red Cross nurses when the armis-

tice was signed. She declared that the army nurse rather resented the intrusion of the Red Cross nurse about like the regular army did the national guard. She explained how an army nurse had to take the oath and to drill just like a soldier. The speaker said the army nurse had been accustomed to paper work and the dull routine for so long that she had lost some of her sentiment, with the result that the Red Cross nurse who went in with her heart and prepared to give the boys her love as a mother or sister would, soon became popular with the boys. The result was all of the insignia was taken off the Red Cross nurses,

but the army couldn't break the tie. Mrs. Beyea declared:

"You should sweep aside with one sweep of your hand the stories of immorality among the army nurses and the soldiers," she asserted with some vehemence, "because they are untrue. If only 1,000 of the 22,000 American nurses over there were indiscreet, the percent would be small but it was not that large."

Mrs. Beyea described the wonderful companionship and friendship which sprung up between nurses and soldiers. She told of meeting, while on a lecture tour in Michigan last summer, a boy whose life she had saved after the physicians had

given him up at Coblenz. She recited how the boy, when she came on the platform at the chautauqua, hugged her and kissed her, in the presence of the whole audience, and announced that she was his "little mother" and that he intended to show her to his real mother.

Mrs. Beyea recalled that we are astounded when we think of four million men giving their lives in war but we apparently forget that seven million were killed by influenza. She pointed out the work the Red Cross did during the epidemic last winter and showed how it should be sustained so that it may be prepared for similar emergencies in the fu-

ture.

The speaker declared that if Germany had known what America could do, she would never have started the war.

"We have to keep our heel on the neck of Germany until she proves she is entitled to live in decent society," Mrs. Beyea declared with some warmth.

"We do not know what war is," continued the nurse. "We do not know what it is to come back to the ashes of what was our home. We do not know what it is to see a six-months-old baby nailed to a barn door, such as I saw. We do not know what it is for an 18-year-old

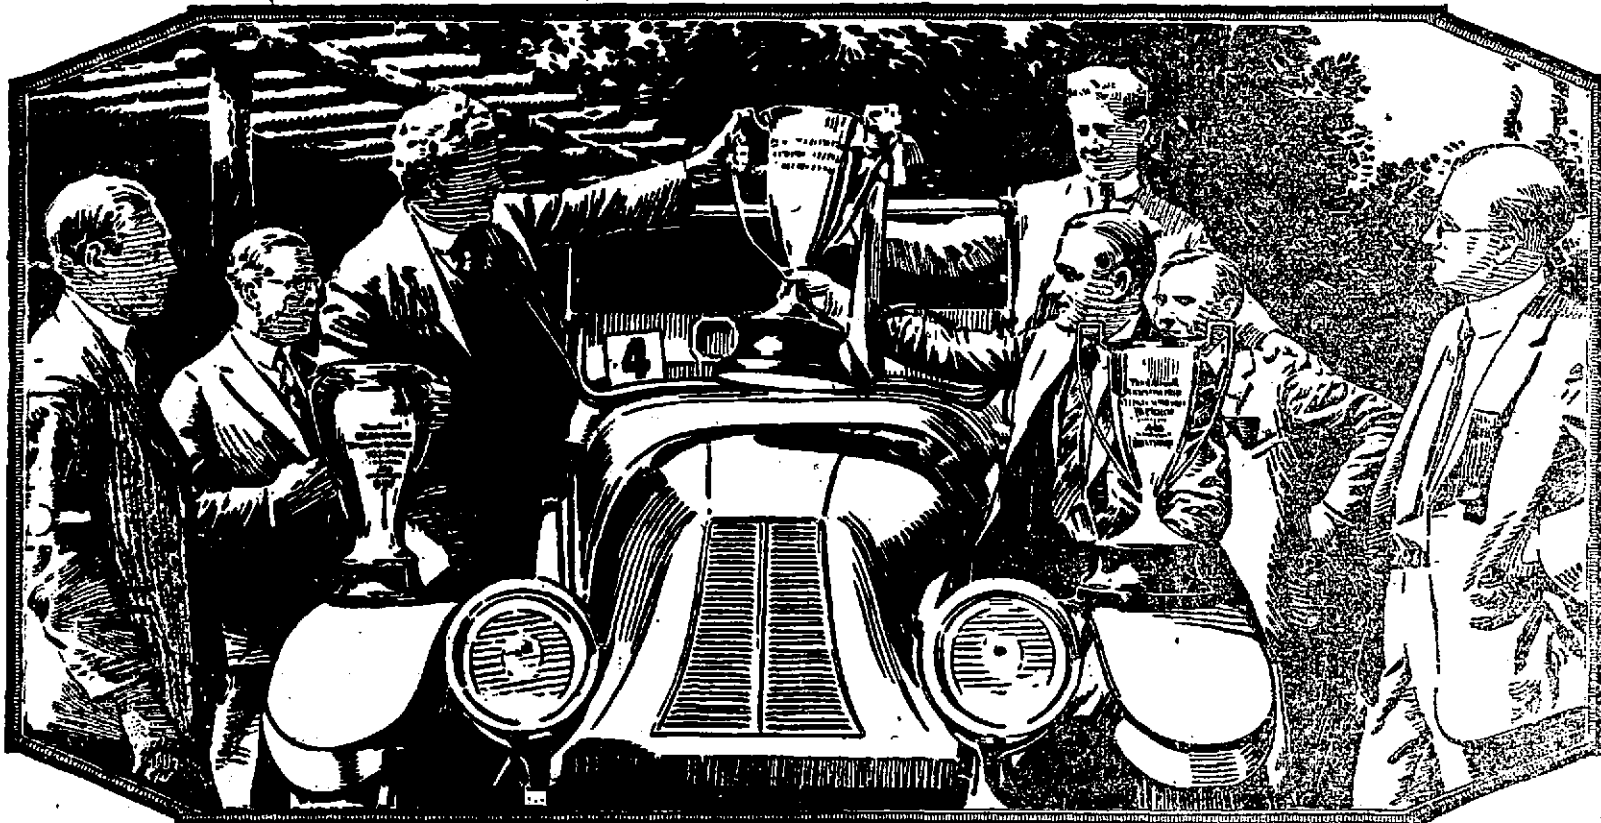

girl to be assaulted by twenty-two German soldiers."

The nurse said she was assaulted in the presence of her aged grandmother and grandfather on the lawn of their home and that when she was brought to the hospital, Mrs. Beyea found her in such a despicable condition that she had to scrape her with a knife to get her clean.

E. B. Thomas presided at the meeting and briefly called attention to the annual meeting of the Red Cross at the court house assembly room Wednesday afternoon at two o'clock. Local pastors also took part in the services.

Economy runs, once so popular among automobile manufacturers, have almost passed out of existence due to the foregone conclusion that the Franklin would win. Here is the result of the one remaining event of importance.

New Record For Fuel Economy In Annual Yosemite Run

49.9 Top Miles to the Gallon of
Gasoline Scored by the
Franklin Car

Wins Three First Prizes in Event
Testing Economy from
Every Angle

The last remaining automobile economy run of national importance has been the "Yosemite Run" from Los Angeles to Camp Curry, Yosemite, conducted by the Automobile Club of Southern California under official A. A. A. supervision. Cars of many different types, makes, weights and prices were entered.

The distance is 374.5 miles over the steep slopes of the Sierra Mountains. A profile of the route presents a saw-tooth effect, ranging from sea-level up to 6800 feet, including long, tiring grades as well as sharp rises. No better route could be selected to test car efficiency and reliability from every angle—economy, power, cooling and comfort.

And no better demonstration of the correctness of the Franklin principles of fair cooling, light weight and flexibility could be desired than the results recorded. Even though a rating of "ton-miles" was devised to remove all handicaps of weight, the Franklin took both prizes for which all cars were eligible, in addition to the prize in its own class.

THE FRANKLIN WON

FIRST PRIZE

Sweepstakes cup, for best all-round showing of any car at any price—in gasoline and oil consumption and cooling efficiency. It covered the 374.5 miles on 13 gallons of gasoline, an average of 28.8 miles to the gallon.

FIRST PRIZE

All classes, most ton-miles per gallon of gasoline. This rating was devised to remove all handicaps of weight. It put all scores on an equal basis of comparison. The Franklin, with 49.9 ton-miles, beat lighter and heavier cars.

FIRST PRIZE

Own price class, for most ton-miles per gallon.

The Franklin established a new record, being the first car of any make to win three prizes in the history of the event.

This triple victory for the principles of light weight and flexible construction and direct air cooling (no water to boil or freeze) is important.

It indicates to motorists the freedom from trouble, the fuel economy, and the assurance of motoring satisfaction open to them with the Franklin Car.

These advantages have long been

summed up in the conservative statement of Franklin performance:

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation

Practically without exception, the Franklin Car has established the economy records of all the official events held in seventeen years.

Dirt Road Record For Distance Made by Franklin Car

In 21 hours 37 minutes Continuous
Driving, J. T. Peacha Covers
729.5 Miles

On July 22, J. T. Peacha, of Duluth, Minn., undertook to prove to Minnesota motorists not only that the Franklin is the easiest, least fatiguing car to drive, but also that few roads are bad enough to hinder motoring if your car is built on the right principles. He succeeded!

His average of 33.7 miles an hour for over twenty-one and a half hours is better than the average car owner expects even under favorable conditions. It demonstrates clearly that the important thing in covering distance is a car's ability to go steadily over all kinds of roads.

Few but Franklin owners have ever driven up to four hundred miles in a day for pleasure on the best of roads. Mr. Peacha drove through a portion of Minnesota avoided as much as possible by native motorists because of its unimproved roads.

The judges were: A. W. Tracy, Auto Editor, Duluth Herald and Stewart DeMars, Duluth Agent of the Goodyear Tire Company.

Car and passengers weighed 3,385 pounds.
